1. Approval of Meeting Minutes
- March 17, 2026, Regular City Council Meeting

MOTION BY VICE MAYOR DURBIN TO APPROVE MARCH 17, 2026, REGULAR CITY COUNCIL MINUTES; SECONDED BY COUNCIL MEMBER CROCKETT. MOTION PASSED BY A UNANIMOUS VOICE VOTE.

PRESENTATIONS

2. Water Conservation Month Proclamation

Mayor Creech read the proclamation into the record.

Susan Davis of the St. Johns Water Management District presented an overview of Water Conservation Month, noting that April is designated as Florida's Water Conservation Month to promote awareness of the importance of conserving water. She explained that the City of Umatilla supports these efforts through educational programs and special events, encouraging participation from businesses, schools, and residents. The City Council was asked to approve a proclamation to further promote public awareness and involvement in protecting Florida's water resources.

3. Automated School Zone Speed Enforcement Camera Project

Chief Seeley presented an overview of a proposed automated school zone speed enforcement camera project. Staff is requesting approval to conduct a no-cost study to evaluate the feasibility of implementing automated speed detection devices in school zones, as permitted under Florida law. The technology would enhance enforcement by serving as a force multiplier, allowing consistent monitoring even when officers are assigned to higher priority calls.

Council discussed the proposal and generally agreed it was a decent idea, expressing support for moving forward with the study.

David Mast of Altumint stated that both the program's cost and the distribution of collected funds are set by state statute.

Council gave consueses to move on with the study.

4. 195 Bulldog Lane - Mallory Sosinski

City Attorney Cotch asked Council if there were any ex parte communications.

Mayor Creech, Vice Mayor Durbin, and Council Member Crockett all disclosed that they had spoken to Ms. Sosinski individually.

Mallory Sosinski provided an overview of the two properties and outlined the timeline of events. She requested that Council waive the code enforcement cases and associated penalties, allowing payment of only the hard costs and outstanding utility bills without penalties.

Cindy Sosinski addressed the Council, speaking about the family and providing background on past events.

Mr. Merrial spoke about the Atkinson family, highlighting what they have meant to Umatilla and the many contributions they have made to the city and the high school.

Misti Lambert, Programs and Compliance Manager, provided Council with a timeline of the cases and reported that the total hard costs, including attorney fees, in-house costs, and utility bill principal, amounted to \$16,892.23.

Council discussed the request and agreed with Sosinski's proposal. Council also requested a sidewalk easement to allow completion of the sidewalk repairs on Orange Avenue to which Ms. Sosinski agreed.

Council decided to proceed with approval of the hard costs in the amount of \$16,570.35 and also required a sidewalk easement to facilitate completion of the sidewalk improvements on Orange Avenue.

PUBLIC COMMENT

Mayor Creech opened public comment

Sean Wooten, on behalf of Michael Blisek of 410 N. Orange, addressed Council requesting consideration for a 45-day extension to begin work on the property and allow time for potential buyers. Council instead approved a 90-day timeframe to bring the property into compliance, with the understanding that if work is not completed within 90 days, the City will proceed with foreclosure actions. Council also directed that Mr. Blisek attend the June meetings to provide progress updates.

Mayor Creech closed public comment

CONSENT AGENDA

PUBLIC HEARING / ORDINANCES / RESOLUTIONS

5. First Reading of Ordinance No. 2026-C, Twin Lakes PUD Amendment

City Attorney Cotch read the Ordinance by title

ORDINANCE 2026-C

AN ORDINANCE OF THE CITY OF UMATILLA, COUNTY OF LAKE, STATE OF FLORIDA, AMENDING ORDINANCE NO. 1998-J, AS AMENDED, TO ADOPT A MASTER DEVELOPMENT AGREEMENT RELATING TO REAL PROPERTY CURRENTLY ZONED RESIDENTIAL PLANNED UNIT DEVELOPMENT CONSISTING OF 67.41 ± ACRES FOR THE HEREAFTER DESCRIBED PROPERTY OWNED BY TWIN LAKES RESERVE & GOLF CLUB, INC. LOCATED SOUTH OF KEENE ROAD AND WEST OF SR 19; AMENDING THE OPEN SPACE; REPLACING THE GOLF PRO SHOP WITH A 40-BED ASSISTED LIVING FACILITY; AMENDING THE CONCEPTUAL SITE PLAN; PROVIDING FOR CONDITIONS AND CONTINGENCIES; DIRECTING THE CITY MANAGER TO PROVIDE CERTIFIED COPIES OF THIS ORDINANCE AFTER APPROVAL TO THE CLERK OF THE CIRCUIT COURT, AND THE LAKE COUNTY MANAGER; PROVIDING FOR SEVERABILITY; PROVIDING FOR AN EFFECTIVE DATE.

Attorney Cotch administered the oath to those providing testimony.

Sherie Lindh, LPG Planners, explained that the property owner is requesting an amendment to the existing Planned Unit Development (PUD) approved under Ordinance 1998-J. The current PUD and concept plan allow for 160 single-family homes at a density of 2.37 units per acre, with a minimum lot size of 10,000 square feet and a minimum living area of 1,200 square feet. The plan also includes a golf course with a 3,000-square-foot pro shop and 25.17 acres (37%) of open space, encompassing the golf course and buffers. To date, 114 lots have been plated. The proposed amendment would repurpose the 3.65-acre golf pro shop site for a 40-bed assisted living facility and reduce the total open space to 16.67 acres.

Kelly Turner, on behalf of the applicant, spoke on the existing and proposed uses of the property and presented the conceptual site plan and renderings. She explained why the proposed development is appropriate for the site, noting that it is a low-impact project compared to the site's maximum development potential. She added that it utilizes existing infrastructure—reducing site disturbance such as parking, water resource areas, and buffers—while supporting local economic activity and service needs. She also stated that the project would provide a neighborhood-serving assisted living facility with walkable access, take advantage of existing natural amenities to enhance quality of life for residents, and is designed to be compatible with and integrated into the existing PUD.

Mayor Creech opened public comment

Ms. Lindh noted that the City received one letter of non-support from Susan Engram of 97 Twin Lake Circle, who was unable to attend the meeting but wanted her opposition noted for the record.

Bill Schmidt, 63 Fairway Circle HOA President of Twin Lakes, raised concerns about project notification, noting questions from residents about who received individual notices. He added that the HOA board recently met and residents are considering legal counsel.

Beth Pickening, 144 Twin Lake, expressed opposition to the proposed zoning change, stating residents were not aware commercial development could be allowed in the area. She emphasized that the land was believed to be preserved as open space for recreation and questioned whether the site is large enough for an assisted living facility, noting concerns about limited design details.

Carolyn Vanwiddle, 71 Golfview Circle, spoke in opposition to the assisted living facility, expressing concern about the shared entrance.

Vernicoa White, 109 Twin Lake Circle, spoke in opposition to the proposal, citing concerns about traffic impacts, increased noise, and the overall effect on the surrounding community and environment.

Cindy Ruff, 2073 Wiygal Road, expressed opposition to the project, citing concerns about noise, construction impacts, light pollution, and odors.

Myra Grist, 66 Golfview Circle, spoke in opposition to the project, raising concerns about increased traffic, roadway safety, and the condition of nearby roads. She noted existing safety issues in the area, including past fatalities, and questioned whether local infrastructure could handle additional traffic, particularly from construction vehicles.

Mark Pickening of 144 Twin Lakes Circle spoke in opposition to the project, stating he does not support it and

expressing concern that residents were originally led to believe the area would remain green space. He criticized the proposal, questioned the credibility of the project, and objected to what he described as a “do-over” for the developer.

Patricia Zock of Twin Lakes spoke in opposition to the project, noting its proximity to Lakeview Terrace and expressing that she does not support it.

Mike Carptner of Twin Lakes spoke in opposition to the project, expressing concerns that it would negatively impact property values and worsen already challenging traffic conditions.

Suzanne Coult of 135 Twin Lake Circle spoke in opposition to the project, referencing concerns about the use of the open space and who would have access to it. She also asked if the letter from Susan Engram could be read.

City Manager Mercer read the letter into the record, which is attached as Exhibit A to the minutes.

Cliff Remely of Twin Lakes spoke in opposition to the project, stating that he is not in favor of the proposed changes to the PUD and expressing concern about how the property use is being altered.

Mayor Creech closed public comment

Ms. Turner clarified that the golf course area is not owned by the Twin Lake Reserve HOA.

Brent Sten, land use counsel for the applicant, stated that the proposal is not a new concept, referencing prior considerations dating back to 2016. He explained that the proposal is consistent with the existing plan, noting that access has always been shown on the plat with private streets and two entrances, and that an easement was previously established.

Ms. Lindh responded to questions raised during public comment, explaining that open space is a required element and outlining the steps that would need to be taken moving forward. She clarified that the current action is only for rezoning, and that additional details and requirements would be addressed during the site plan review and subsequent processes.

Council discussion ensued regarding next steps, including what occurs now that the HOA has retained an attorney and how responsibility for the roads will be addressed moving forward.

MOTION BY MAYOR CREECH TO APPROVE FIRST READING OF ORDINANCE NO. 2026-C, TWIN LAKES PUD AMENDMENT; SECONDED BY COUNCIL MEMBER ADAMS.

Mayor Creech opened up public comment

Beth Pickening of 144 Twin Lake spoke regarding the open space and expressed concerns.

Bonnie Teifler encouraged others to visit the area firsthand and spoke in opposition to the project.

Myra Grist of 66 Golfview Circle spoke in opposition to the project, stating she would not have purchased her home if she had known the property would be developed and sold.

Mayor Creech closed public comment

Attorney Cotch provided an overview of the item, explaining that the City's Police Officers' Retirement Trust Fund would be restated under the Florida Municipal Pension Trust Fund Defined Benefit Plan and included under the Master Trust Agreement. He noted that once adopted, the fund would operate under the provisions of the state trust system and corresponding sections of the City's Code of Ordinances would be repealed. EXHIBIT A

April 4, 2026

To: Umatilla City Council
From: Susan Ingram, 97 Twin Lakes Circle
RE: Twin Lakes PUD Amendment

I have reviewed the information presented regarding amendment to the Twin Lakes PUD and am not supportive of the modifications.

I purchased my home in Twin Lakes February 2025. As a prudent home buyer, I carefully reviewed the PUD to make sure that there were no surprises moving forward. During that review I was aware that an additional 50 single-family homes could be built in the future. The additional possible homes did not trouble me at all.

The PUD Amendment on the table today surely does. A 40-bed assisted living facility is not consistent with the original approved plan nor is it consistent with the 2035 Future Land Use Map for the City of Umatilla. While the 40-bed facility proposed keeps the total density close to the density originally approved, the uses are vastly different.

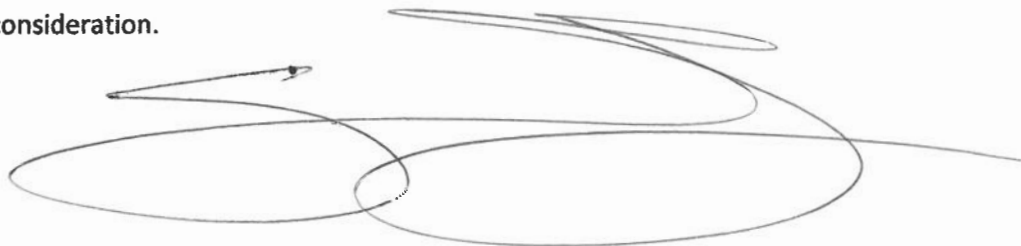

For whatever reason, the golf course originally included in the PUD no longer exists. We all understand that things change over time. The recreational component was no longer viable. The original density most likely took into consideration that one day a golf course would not be practical. However, it is important to note that the recreational component had another purpose besides the golf course: providing an open space component for the single-family homes.

Now that the golf course is not operational, portions of the open space can be converted to single-family home sites and still provide viable open space for the entire development.

I urge the Umatilla City Council to NOT APPROVE the proposed amendment to the Twin Lakes PUD based on the following findings of fact:

- The original PUD was approved for up to 160 single-family homesites.
- The proposed amended PUD will mix single-family homes with an institutional structure that is not consistent with the current development.
- The 2035 Mater Plan identifies the future land use of the PUD as Single-Family Medium Density, not institutional residential.
- All property owners were aware that the future could bring additional single-family homes.
- The PUD was never proposed to by a continuing Care Retirement Community like Lakeview Terrace. If it had been, most residents would have chosen a different location to purchase.
- Plenty of assisted living facilities already exist in Umatilla.

Thank you for your time and consideration.

CITY OF UMATILLA
AGENDA ITEM STAFF REPORT

DATE: April 15, 2026

MEETING DATE: April 21, 2026

SUBJECT: Fine Free Campaigns for the Lake County Library System

BACKGROUND SUMMARY:

The Umatilla Public Library participates in the Lake County Library System's (LCLS) annual fine forgiveness campaign each May, "Food for Fines," which grants credits towards fines for donated nonperishable food and hygiene products. LCLS is adding three new campaigns in 2026. These campaigns are not for credits. Instead, these events involve waiving fines for visiting patrons who meet the criteria for each event.

- Child cards during Summer Reading Programs. (usually June–July) (new annual event)
- Active duty and retired military for Veterans Day in the month of November. (new annual event)
- First responders during July for America250 celebrations. (2026 only)

In many cases the city would never receive the money for these fines. Once fines reach a high level, many patrons stop coming out of shame and fear. There are sometimes extenuating circumstances and I will waive fines when appropriate, but the standard is high.

The Umatilla Public Library seeks permission to participate in the new campaigns.

RECOMMENDATIONS:

Staff recommends approval.

FISCAL IMPACTS:

Minimal lost revenue

ATTACHMENT #1

Fine Free Campaigns for the Lake County Library System

Current Fine Amnesty Campaign:

May is Food for Fines Month.

- Non-perishables and hygiene products.
- Each product is valued at \$1 in fine reduction.
- We then use Food for Fines as a credit to "pay" the fine.
- Patrons may pay their own fines or we will apply the credits to a child's or veteran's fines.
- The fines are ONLY for late fees - never lost items.
- The food goes to a local food bank in the city limits. It used to go to "the Rock" but now goes to the Baptist food pantry.

New Campaigns:

Five Forgiveness Months

Fines will be waived for visiting patrons who meet the criteria for each event.

- Child cards during Summer Reading Programs. (June-July typically) (will be annual)
- Active duty and retired military for Veterans Day in the month of November. (will be annual)
- First responders during July for America250 celebrations. (2026 only)

The new programs are waiving fines instead of "paying" them but the patrons must enter the building which is a huge plus. It's designed to get them to come back to the library.

The Benefit to the Library - Getting Back Patrons - "The Return of the Prodigal Patron"

- Cards are blocked when there are more than \$10 in fines.
- Fines stop accruing at \$2.50 per item, so they don't get too high per item.
- Example
 - Child checks out 5 books.
 - Parents have problems and are not able to return the books.

- The child's card will show that she owes \$12.50 in late fees and the replacement costs of the 5 books. This could be \$100 or more.
- Grandma is now helping out and takes the child back to the library and they return the books. The lost charges are gone but the late fees remain.
- The fines have maxed out at \$2.50 per item, so now the child owes \$12.50.
- Child cannot check-out as the account is blocked at \$10.
- If the child enters the library during summer reading program, we would be able to waive the \$12.50 and the child would have access to books again.
- Example
 - Disabled veteran is unable to drive.
 - He receives a ride to the library and checks out 5 DVDs.
 - He takes a turn and ends up in the VA for 2 months.
 - He is finally able to return the DVDs but he can no longer check-out as his account is blocked.
 - If he comes during November, we would waive his \$12.50 and he would have access to materials again.
- Both examples are based on real patrons at this library.

Estimate:

Food for Fines is different. We have extremely generous patrons, and staff, who donate food even though they don't have fines. The amount "paid" is therefore substantially greater than it would likely be for a waiving of the fines of children, vets and first responders who visit the library during a special time.

Food for Fines (higher than expected for waiving)

- May 2023 = \$557
- May 2024 = \$1,249.97
- May 2025 = \$910

November 2025 - \$240 in fines paid. 7% of population may be active or retired military. Could be that \$17 of those fines may have been waived.

June/July 2025 - \$176 in fines paid.

It is unlikely that we will lose a great deal of revenue from these programs, but we may have patrons return who have been avoiding the library.

SUBJECT: Final Reading of Ordinance No. 2026-C, Twin Lakes PUD Amendment

BACKGROUND SUMMARY:

The property owner is seeking an amendment to the existing Planned Unit Development (PUD) approved under Ordinance 1998-J. The current PUD and concept plan allow 160 single-family homes (2.37 units/acre) with a minimum lot size of 10,000 sq. ft., a minimum living area of 1,200 sq. ft., a golf course with a 3,000 sq. ft. pro shop, and 25.17 acres (37%) of open space, which includes the golf course and buffers. To date, 114 lots have been platted. The proposed amendment would repurpose the golf pro shop area (3.65 acres) for a 40-bed Assisted Living Facility and reduce the total open space to 16.67 acres.

**CITY OF UMATILLA
PROJECT REVIEW STAFF REPORT BY LPG URBAN & REGIONAL PLANNERS, LLC**

PUD AMENDMENT

Owner: Twin Lakes Reserve & Golf Club Inc., Kenneth Whitmarsh

General Location: West of SR 19 and south of Keene Road

Number of Acres: 67.41 ± acres

Existing Zoning: Planned Unit Development (PUD)

Existing Land Use: Single Family Medium Density (5 units/acre)

Date: January 22, 2026

Description of Project

The owner is seeking an amendment to the Planned Unit Development (PUD). The existing PUD (Ordinance 1998-J) and concept plan allowed for 160 single family homes (2.37 units/acre) with a minimum lot size of 10,000 square feet, a minimum living area of 1,200 square feet, golf course, 25.17 acres of open space (37%) which included the golf course and buffers, and a 3,000 square foot golf pro shop. To date 114 lots have been platted. The applicant would like to amend the PUD to allow a 40 bed Assisted Living Facility in the former area of the golf pro shop (3.65 acres) and reduce the open space to 16.67 acres.

	Surrounding Zoning	Surrounding Land Use
North	Planned Unit Development (PUD)	Single Family Medium Density (5 units/acre)
South	Commercial (C-2)	Commercial
East	Commercial (C-2), PFD	Lake County Rural, City Commercial and City Institutional
West	UR-5	Single Family Medium Density

Assessment

PUD Amendment

The project area is approximately 18.41 acres and consists of the former golf course and former golf pro shop. The applicant is requesting a PUD Amendment to allow a 40-bed ALF in the area where the previous golf pro shop was located, amend open space from 25.17 acres (37%) to 16.67 acres (27%). The golf course tract was never platted; therefore, to assure that the minimum open space required remains undeveloped the applicant is proposing to convey the

ATTACHMENT #1

property to the Community Association/HOA by restricted deed prior to site development. It is unclear if it is the applicant's intent to plat this area and if it is the intent for the HOA to maintain such open space.

The project area for the proposed ACLF is 3.65 acres and includes the existing parking lot, stormwater management area and landscape buffer.

Adjacent city zoning consists of PUD (Keene Road), PFD (Church), UR-5 (residential lots) and C-2. The proposed PUD Amendment is compatible with adjacent zoning and would further the city's goal in providing for communities for a lifetime.

Trip Generation Analysis

A trip generation analysis was conducted on the proposed amendment by the applicant. The result indicates that the amendment would decrease traffic by 57 daily trips. SR 19 is designated as an arterial roadway under the jurisdiction of FDOT with an adopted Level of Service (LOS) of D. The amendment will not degrade the LOS.

School Impact Analysis

The subject site is a 55+ community and proposed PUD amendment will not impact schools

ATTACHMENT #1

Potable Water Analysis

The PUD Amendment will not degrade the LOS and there is sufficient capacity as shown in Table 3 below.

Table 3 – Water Analysis Based on PUD Amendment

Ordinance #	Acres	Proposed City Zoning	Maximum Development	Water Demand (gross) (mgpd)	Capacity or Deficit (mgpd)
City of Umatilla Current Capacity					0.275*

Total	18.6				0.272

* Includes Keene Road

Estimated water demand based on PF Policy 4-1.10.1 of LOS of 850 gpd per commercial acre (3.65 acres)

Sanitary Sewer Analysis

The subject site is within the City of Umatilla’s Utility Service area; however, central sewer is not available. The proposed ALF will be served by an onsite septic system.

Environmental Analysis

An environmental analysis was conducted by Meryman Environmental and within the proposed ALF site several gopher tortoise burrows were observed. Prior to development, the appropriate regulatory permits will be secured.

Recommendation

Staff recommends approval as the PUD Amendment will reduce impacts and is compatible with the adjacent zonings and is consistent with FLU Policy 1-1.11.1: Application of Planned Unit Developments.

Staff also recommends the following conditions:

The subject ALF site (3.65 acres) shall be platted

The required open space for the entire PUD shall be conveyed as open space in perpetuity (16.67 acres) and should be platted as a tract unless City Council agrees to other terms.

The rates to be charged by City for Utilities to the Property shall be those rates and charges made by the City to its customers which are from time to time approved by the City Council or by any other governmental regulatory body from time to time having jurisdiction over such matters. Owner covenants and warrants to City that it will not engage in the business of providing such Utilities to the Property or within City's F.S. Chapter 180 utility district. Owner agrees to pay all other impact fees and any impact fees adopted after the execution of this Agreement as building permits are issued. If impact fees increase from the time they are paid until the building permit is issued, Owner shall pay the incremental increased amount at the time building permits are issued. Prepayment of utility impact fees and acceptance by City of such fees shall reserve capacity. No capacity is reserved until or unless such fees have been paid pursuant to an agreement with City. Owner agrees and understands that no capacity has been reserved and that Owner assumes the risk that capacity will be available.

Re: City of Umatilla Police Officers' Retirement Trust Fund

Ladies and Gentlemen:

In response to your request, I have reviewed proposed Ordinance No. 2026-D, along with the attached adoption agreement for the Florida Municipal Pension Trust Fund (FMPTF). Effective October 1, 2026, this ordinance provides for the trust fund to adopt the FMPTF master document in lieu of having a separate, stand-alone legal document. Because the ordinance does not make any substantive changes to the plan, I have determined that the proposed ordinance will have no actuarial impact on the plan.

If you have any questions, please do not hesitate to call me.

Sincerely,

A handwritten signature in blue ink that reads "Charles T. Carr".

1.03 “Actuary”:

shall mean an actuary that is a member of the Society of Actuaries or the American Academy of Actuaries and who is enrolled under subtitle C of Title III of the Employee Retirement Income Security Act of 1974.

Upon any reemployment in a position eligible for participation in this Plan, a Participant shall not receive credit for the years and fractional parts of years for which he has withdrawn his Accumulated Contributions from the Plan unless the Participant repays into the Fund the contributions he has withdrawn, with interest, as determined by the Board, within ninety (90) days after reemployment.

Beginning January 1, 2009, to the extent required by section 414(u)(12) of the Code, an individual receiving differential wage payments, as defined under section 3401(h)(2) of the Code, from an employer shall be treated as employed by that employer, and the differential wage payment shall be treated as compensation for purposes of applying the limits on annual additions under section 415(c) of the Code. For noncollectively bargained service earned on or after July 1, 2011, or for service earned under collective bargaining agreements entered into on or after July 1, 2011, when calculating a Participant’s retirement benefits, the Plan may include up to 300 hours per year of overtime compensation as noted in the Adoption Agreement, but may not include any payments for accrued unused sick leave or annual leave. For those Participants whose terms and conditions of employment are collectively

bargained, this provision is effective for the first agreement entered into on or after July 1, 2011.

For Firefighters, “compensation” or “salary” means, for noncollectively bargained service earned before July 1, 2011, or for service earned under collective bargaining agreements in place before July 1, 2011, the fixed monthly remuneration paid a Firefighter; where, as in the case of a Volunteer Firefighter, remuneration is based on actual services rendered, the term means the total cash remuneration received yearly for such services, prorated on a monthly basis. For noncollectively bargained service earned on or after July 1, 2011, or for service earned under collective bargaining agreements entered into on or after July 1, 2011, the term has the same meaning except that when calculating retirement benefits, up to 300 hours per year in overtime compensation may be included as noted in the Adoption Agreement, but payments for accrued unused sick or annual leave may not be included.

For Police Officers, “compensation” or “salary” means, for noncollectively bargained service earned before July 1, 2011, or for service earned under collective bargaining agreements in place before July 1, 2011, the total cash remuneration paid to a Police Officer for services rendered, including overtime payments which may be limited to not less than 300 hours per calendar year, but not including any payments for extra duty or a special detail work performed on behalf of a second party employer. For noncollectively bargained service earned on or after July 1, 2011, or for service earned under collective bargaining agreements entered into on or after July 1, 2011, the term has the same meaning except that when calculating retirement benefits, up to 300 hours per year in overtime compensation may be included as noted in the Adoption Agreement, but payments for accrued unused sick or annual leave may not be included.

For a firefighter or police officer supplemental plan operating under either section 175.351(4) or 185.35(4), Florida Statutes, the definition of compensation or salary may be as provided under the referenced sections of law.

Compensation in excess of the limitations set forth in Section 401(a)(17) of the Code as of the first day of the calendar year shall be disregarded for any purpose, including employee contributions or any benefit calculations. The annual compensation of each member taken into account in determining benefits or employee contributions for any calendar year beginning on or after January 1, 2002, may not exceed \$200,000, as adjusted for cost-of-living increases in accordance with Section 401(a)(17)(B) of the Code.

See Section D of the Adoption Agreement for further details.

1.26 “Spouse”:

shall mean the Participant’s spouse under applicable law at the time benefits become payable.

1.27 “Total and Permanent Disability”:

shall mean a physical or mental condition of a Participant resulting from bodily injury, disease, or mental disorder which renders him incapable of employment as a Firefighter, Police Officer or Public Safety Officer, and which condition constitutes total disability as determined by the Board.

1.28 “Trust Fund or Trust”:

shall mean the Trust Fund established under this Plan to hold Plan assets and to which contributions are to be paid and benefits held. Nothing herein shall preclude the establishment of more than one trust fund as may be required by law or adopted by the Employer.

1.29 “Trustee”:

shall mean the person or persons named as and making up the Board of Trustees or Board, who shall administer and manage the Plan.

1.30 “Valuation Date”:

shall mean the first day of the Plan Year.

1.31 “Volunteer Firefighter”:

shall mean any person whose name is carried on the active membership roll of a constituted volunteer fire department or a combination of a paid and volunteer fire department of any municipality or special fire control district and whose duty is to extinguish fires, protect life, and to protect property. Compensation for services rendered by a Volunteer Firefighter shall not disqualify him as a volunteer. A person shall not be disqualified as a Volunteer Firefighter solely because he has other gainful employment. Any person who volunteers assistance at a fire, but is not an active member of the department described herein is not a Volunteer Firefighter within the meaning of this paragraph.

ARTICLE 2

PARTICIPATION

2.01 Conditions of Eligibility

A Participant shall become eligible to participate in this Plan as specified in Section C of the Adoption Agreement.

As a condition of eligibility, the Employee participants shall be required to complete a medical examination as prescribed by the Board, and provide complete and accurate information concerning their health status as requested by the Board. Any material misstatements or omissions of required health or medical information by an applicant or Participant shall be grounds for denial of benefits. Based upon medical evidence of any pre-existing adverse health condition, resulting from the prescribed examination or other medical records or history, the Board may determine ineligibility for disability benefits hereunder, as related to such pre-existing condition. A Participant may be declared ineligible for disability benefits only at the time of the initial examination provided in this section, or at a later date if the Board established that a condition existed at the time of the Participant's employment or date of participation, and the condition was known to the employee. A determination of pre-existing condition shall be recorded on the Participant's record of membership, a copy of which shall be provided to the Participant, and shall be reflected in the minutes of the Board meeting at which such determination was made by the Board. The procedures followed and the determination of the Board as to a pre-existing condition shall be considered on a uniform, non-discriminatory basis.

2.02 Participation

Each Participant shall complete a form prescribed by the Board providing the following information:

- (A) enrollment in the Plan

- (B) designation of a beneficiary or beneficiaries,

- (C) a certified statement as to prior medical history, and a waiver to release and access medical records.

2.03 Change in Designation of Beneficiary

A Participant may from time to time change his designated beneficiary by written notice to the Board upon forms provided by the Board. Upon such change, the rights of all previously designated beneficiaries to receive any benefits under the Plan shall cease. A change of beneficiary shall not require consent of the beneficiary. Notwithstanding the provisions of this paragraph, a police officer retiree or firefighter retiree may change his or her designation of beneficiary up to two times without the approval of the Board or the current beneficiary. The retiree is not required to provide proof of the good health of the beneficiary being removed, and the beneficiary being removed need not be living.

4.01 Establishment and Operation of Fund

(A) As part of the Plan, there is hereby established the Fund, into which shall be deposited all of the contributions and assets whatsoever attributable to the Plan, including any assets of any prior municipal trust fund(s).

(B) The actual custody and supervision of the Fund (and assets thereof) shall be vested in the Board. Payment of benefits and disbursements from the Fund shall be made by the disbursing agent but only upon written authorization from the Board or its designee.

(C) All funds of the Plan may be deposited by the Board with the Employer, acting in a ministerial capacity only, who shall be liable in the same manner and to the same extent as he is liable for the safekeeping of funds for the Employer. However, any funds so deposited with the Employer shall be kept in a separate fund by the Employer or clearly identified as such funds of the Plan. In lieu thereof, the Board shall deposit the funds in a qualified public depository as defined in Section 280.02, Fl. Stat., which depository with regard to such funds shall conform to and be bound by all of the provisions of Chapter 280, Fl. Stat. In order to fulfill its investment responsibilities as set forth herein, the Board may retain the services of a custodian bank, an investment adviser registered under the Investment Advisors Act of 1940, or otherwise exempt from such required registration, an insurance company, or a combination of these, for the purpose of investment decisions and management. Such investment manager shall have discretion, subject to any guidelines as prescribed by the Board, in the investment of all Fund assets.

(D) All funds of the Plan may be commingled without limitation in governmental investment trusts, no-load investment funds or no-load mutual

funds, and all such trusts or funds must comply with the Investment Policy as attached as Exhibit A. Accurate records are to be maintained at all times reflecting the financial composition of the Fund, including accurate current accounts and entries as regards the following:

- (1) Current amounts of Accumulated Contributions of Participants on both an individual and aggregate account basis, and
- (2) receipts and disbursements, and
- (3) benefit payments, and
- (4) current amounts clearly reflecting all monies, funds and assets whatsoever attributable to contributions and deposits from the Employer, and
- (5) all interest, dividends and gains (or losses), and
- (6) such other entries as may be properly required so as to reflect a clear and complete financial report of the Fund.

(E) An independent audit shall be performed annually by a certified public accountant for the most recent fiscal year of the Employer showing a listing of assets and a statement of all income and disbursements during the year. Such income and disbursements must be reconciled with the assets at the beginning and end of the year. Such report shall reflect a complete evaluation of assets on a cost and market basis, as well as other items normally included in a certified audit.

(F) The Board of Trustees shall have the following investment powers and authority:

- (1) The Board of Trustees shall be vested with full legal title to said Fund, subject, however, and in any event to the authority and power of the governing body of the Employer to amend or terminate this Plan, provided that no amendment or termination shall ever result in the use

of any assets of the Fund except for the payment of regular expenses and benefits under this Plan, and except as otherwise provided in this Plan. All contributions deposited into the Fund, and the income thereof, without distinction between principal and income, shall be held and administered by the Board, or its agent, in the Fund, and the Board shall not be required to segregate or invest separately any portion of the Fund.

(2) All monies paid into or held in the Fund shall be invested and reinvested by the Board. The Fund shall be invested in accordance with an established investment policy adopted by the Board. The adopted investment policy will be made part of this document and shall be attached as **Exhibit A**.

(3) The Board may cause any investment in securities held by it to be registered in or transferred into its name as Trustee or into the name of such nominee as it may direct, or it may retain them unregistered and in a form permitting transferability, but the books and records shall at all times show that all investments are part of the Trust Fund.

(4) The Board is empowered, but is not required, to vote upon any stocks, bonds, or securities of any corporation, association, or trust and to give general or specific proxies or powers of attorney with or without power of substitution to participate in mergers, reorganizations, recapitalization, consolidations and similar transactions with respect to such securities; to deposit such stock or other securities in any voting trust or any protective or like committee with the Trustee or with depositories designated thereby; to amortize or fail to amortize any part or all of the premium or discount resulting from the acquisition or disposition of assets; and generally to exercise any of the powers of an owner with respect to stocks, bonds, or other investments comprising the Fund which it may deem to be in the best interest of the Fund to exercise.

(5) Any overpayments or underpayments from the Fund to a Participant or beneficiary caused by errors of computation shall be adjusted with interest at a rate per annum as utilized in the prior years' actuarial valuation. Overpayments shall be charged against payments next succeeding the correction. Underpayments shall be made up from the Trust Fund.

(6) In any application to or proceeding or action in the courts, the Board and Employer shall be a necessary party, and no Participant or other person having an interest in the Fund shall be entitled to any notice or service of process. Any judgment entered in such a proceeding or action shall be conclusive upon all persons.

(7) Any powers and functions of the Board may be performed or carried out by the Board through duly authorized agents, provided that the Board at all times maintains continuous supervision over the acts of any such agent; provided further, that legal title to the Fund always remain with the Board.

(G) Notwithstanding any provision of this section to the contrary, for plans participating in Chapter 175 or 185, Fl. The divestiture of any such security must be completed as specified in Chapter 175 or 185, Fl. Stat. The Board and its named officers or investment advisors may not be deemed to have breached their fiduciary duty in any action taken to dispose of any such security, and the Board shall have satisfactorily discharged the fiduciary duties of loyalty, prudence, and sole and exclusive benefit to the participants of the pension fund and their beneficiaries if the actions it takes are consistent with the duties imposed by s. 215.473, and the manner of the disposition, if any, is reasonable as to the means chosen.

For the purposes of effecting compliance with that section, the pension fund shall designate terror-free plans that allocate their funds among securities not subject to divestiture. No person may bring any civil, criminal, or administrative action against the Board of trustees or any employee, officer, director, or advisor of such pension fund based upon the divestiture of any security pursuant to this paragraph.

If a Participant terminates his employment with the Employer for reasons other than retirement, disability or death, the Participant shall be entitled to the following:

(A) If the Participant has less than the number of years of Credited Service specified in the Adoption Agreement - Section J1, Termination of Employment and Vesting, the Participant shall be entitled to a refund of his Accumulated Contributions without interest.

(B) If the Participant has the required number of years of Credited Service specified in the Adoption Agreement - Section J2, Termination of Employment and Vesting, the Participant shall be entitled to a retirement benefit that is the Actuarial Equivalent of the Accrued Benefit otherwise payable to him commencing at the Participant's otherwise Normal or Early Retirement Date, and determined based on actual years of Credited Service, provided he does not elect to withdraw his Accumulated Contributions and provided the Participant survives to his Normal or Early Retirement Date.

(C) Any vested Participant of the Plan who is no longer eligible to participate in this Plan due to a change of employment, but who remains employed by the Employer in a class not eligible to participate under this Plan, shall have his Accrued Benefit to the date of such termination under this Plan preserved, provided he does not elect to withdraw his Accumulated Contributions from this Plan. Such Accrued Benefit shall be payable at his otherwise Early or Normal Retirement Date hereunder in accordance with the provisions of this Plan.

(D) If a Participant who terminates employment prior to his Early Retirement Date or his Normal Retirement Date and elects to withdraw Accumulated Contributions, is subsequently reemployed and again becomes a Participant in this Plan, his Credited

Service for purposes of vesting and benefit accruals shall not include any periods of employment prior to his reemployment date unless he repays to the Fund his Accumulated Contributions previously withdrawn with interest, as determined by the Board, within ninety (90) days after reemployment. If a Participant repays the foregoing amount to the Fund within the prescribed time period, the interest of the Participant in his Accrued Benefit previously forfeited shall be restored in full and the Participant's Credited Service shall be based on all periods of employment.

ARTICLE 10

OPTIONAL FORMS OF BENEFITS

(A) In lieu of the normal form of benefit as specified herein, a Participant's Early or Normal Retirement or Disability Benefit may be paid in an optional form as selected by the Participant.

Subject to the approval of the Board or its designee, the Participant may elect to receive the Actuarial Equivalent of the benefit otherwise payable to the Participant in accordance with one of the following options:

1. Monthly income payments for the life of the Participant.
2. Monthly income payment for the life of the Participant and after his death, a joint pensioner benefit payable for the life of the joint pensioner equal to, 100%, 75%, 66 2/3%, or 50% of the amount payable to the Participant.
3. Such other amount and form of retirement benefit payment that, in the opinion of the Board, will meet the circumstances of the Participant and the Trust.

(B) The Participant, upon electing any option pursuant to this Article, will designate the joint pensioner or beneficiary (or beneficiaries) to receive the benefit, if any, payable under the Plan in the event of Participant's death, and will have the power to change such designation from time to time. Such designation will name a joint pensioner or one or more primary beneficiaries where applicable. A Participant may change his Beneficiary at any time. If a Participant has elected an option with a joint pensioner and the Participant's retirement benefits have commenced, the Participant may thereafter change his joint pensioner twice without the approval of the Board or the current joint pensioner. A Participant is not required to provide proof of the good health of the joint pensioner being removed, and the joint pensioner being removed need not be living.

(C) Upon change of a Participant's joint pensioner in accordance with this Article, the amount of the retirement income payable to the Participant shall be actuarially re-

determined to ensure that the benefit paid is the Actuarial Equivalent of the present value of the Participant's then-current benefit at the time of change, and there is no impact to the Plan. Any such Participant shall pay the actuarial recalculation expenses. Each request for a change will be made in writing on a form prepared by the Board and on completion will be filed with the Board. In the event that no designated Beneficiary survives the Participant, such benefits as are payable in the event of the death of the Participant subsequent to his retirement shall be paid as provided in Section 11, Beneficiaries.

(D) Benefit payments shall be made under the option elected in accordance with the provisions of this Article and shall be subject to the following limitations:

1. If a Participant dies prior to his Normal Retirement Date or Early Retirement Date, the beneficiary will receive a benefit paid under the normal form of benefit in accordance with Article 7, Pre-Retirement Death.
2. If both the retired Participant and the beneficiary (or beneficiaries) designated by Participant die before full payment has been effected under any option providing for payments for a period certain and life thereafter, the value of the remaining payments shall be paid in such other amount and form of retirement benefit payment that, in the opinion of the Board, will meet the circumstances of the retiree and the Trust in accordance Article 11.
3. If the designated Beneficiary (or Beneficiaries) or joint pensioner dies before the Participant's retirement under the Plan, the option elected will be canceled automatically and a retirement income of the normal form and amount will be payable to the Participant upon his retirement as if the election had not been made, unless a new election is made in accordance with provisions of this Article or a new Beneficiary is designated by the Participant prior to his retirement.
4. If a Participant continues employment beyond his Normal Retirement Date pursuant to the provisions of the Normal Retirement Date provided in the Adoption Agreement, and dies prior to his actual retirement and while an option made pursuant to the provisions of the Adoption Agreement is in effect,

monthly retirement income payments will be made, or a retirement benefit will be paid, under the option to a Beneficiary (or Beneficiaries) designated by the Participant in the amount or amounts computed as if the Participant had retired under the option on the date on which his death occurred.

(E) Unless otherwise allowed by law, a Participant may not change his benefit payment option after the date of cashing or depositing his first benefit check.

(F) Distribution of a participant's benefit under this article must commence no later than April 1 of the calendar year following the later of the calendar year during which the participant attains the applicable age required by IRC § 401(a)(9). or the calendar year in which the participant terminates employment with the Employer. [See note to Provision 6.08 regarding applicable age requirements]

(G) Notwithstanding anything herein to the contrary, the Board in its discretion, may elect to make a lump sum payment to a Participant or a Participant's Beneficiary in the event that the total commuted value of the monthly income payments to be paid do not exceed one thousand dollars (\$1,000). Any such payment made to any person pursuant to the power and discretion conferred upon the Board by the preceding sentence shall operate as a complete discharge of all obligations under the Plan with regard to such Participant and shall not be subject to review by anyone, but shall be final, binding and conclusive on all persons.

ARTICLE 11

BENEFICIARIES

(A) Each Participant may, on a form provided for that purpose, signed and filed with the Board, designate a beneficiary (or beneficiaries) to receive the benefit, if any, which may be payable in the event of his death and each designation may be revoked by such Participant by signing and filing with the Board a new designation-of-beneficiary form. The consent of a Participant's beneficiary to any change of beneficiary shall not be required.

(B) If a deceased Participant fails to name a beneficiary in the manner prescribed in Section A, or if the beneficiary (or beneficiaries) named by a deceased Participant predeceases the Participant, the death benefit, if any, which may be payable under the Plan with respect to such deceased Participant shall be paid by the Board to the estate of the Participant, and the Board, in its discretion, may direct that the commuted value of the remaining value of the remaining monthly income benefits be paid in a lump sum.

Any payment made to any person pursuant to this Section shall operate as a complete discharge of all obligations under the Plan with regard to the deceased Participant and any other persons with rights under the Plan and shall not be subject to review by anyone but shall be final, binding, and conclusive on all persons ever interested hereunder.

ARTICLE 12

The Board shall establish administrative claims procedures to be utilized in processing written requests (“claims”), on matters which affect the substantial rights of any person (“claimant”), including Participants, retirees, Beneficiaries, or any person affected by a decision of the Board.

Each year by no later than March 15th, the Board shall file an Annual Report with the State of Florida, Division of Retirement, and the Employer containing the documents and information contained in Sections 175.261 and 185.221, Florida Statutes.

ARTICLE 14

ARTICLE 16

MAXIMUM PENSION

16.01 Basic Limitation

Notwithstanding any other provisions of this plan to the contrary, the member contributions paid to, and retirement benefits paid from, the plan shall be limited to such extent as may be necessary to conform to the requirements of Code Section 415 for a qualified retirement plan. Before January 1, 1995, a plan member may not receive an annual benefit that exceeds the limits specified in Code Section 415(b), subject to the applicable adjustments in that section. On and after January 1, 1995, a plan member may not receive an annual benefit that exceeds the dollar amount specified in Code Section 415(b)(1)(A) (\$160,000), subject to the applicable adjustments in Code Section 415(b) and subject to any additional limits that may be specified in this plan.

For purposes of Code Section 415(b), the term “annual benefit” means a benefit payable annually in the form of a straight life annuity without regard to the benefit attributable to after-tax employee contributions (except pursuant to Code section 415(n)) and to rollover contributions (as defined in Code section 415(b)(2)(A)), and with the benefit attributable determined in accordance with Treasury Regulations located in 26 C.F.R. 1.415(b)-1.

16.02 Adjustments to Basic Limitation for Form of Benefit.

If the form of benefit is other than the annual benefit defined in section 16.01, the benefit shall be adjusted so that it is the equivalent of the annual benefit using factors prescribed in Treasury Regulations. If the form of benefit without regard to any automatic benefit increase feature is not a straight life annuity or a qualified joint and survivor annuity then the preceding sentence is applied by either reducing the Code Section 415(b) limit applicable at the annuity starting date or by adjusting the form of benefit to an actuarially equivalent amount determined using the assumptions specified in 26 CFR 1.415(b)-1 that takes into account the additional benefits under the form of benefit as follows:

(A) Benefit Forms Not Subject to § 417(e)(3): The straight life annuity that is actuarially equivalent to the member's form of benefit shall be determined under this section 16.02(A) if the form of a member's benefit is either a non-decreasing annuity (other than a straight life annuity) payable for a period of not less than the life of the member (or in the case of a qualified pre-retirement survivor annuity, the life of the surviving spouse), or an annuity that decreases during the life of the participant merely because of (a) the death of the survivor annuitant (but only if the reduction is not below 50% of the benefit payable before the death of the survivor annuitant), or (b) the cessation or reduction of Social Security supplements or qualified disability payments (as defined in Code Section 401(a)(11)). For a benefit paid in a form described in this Section 16.02(A), the actuarially equivalent straight life annuity is equal to the greater of:

- (1) The annual amount of the straight life annuity (if any) payable to the member under the plan commencing at the same annuity starting date as the member's form of benefit, or
- (2) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the member's form of benefit, computed using a 5 percent interest rate assumption and the applicable mortality tables described in Code Section 417(e)(3)(B) (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Code Section 417(e)(3)(B)); or

(B) Benefit Forms Subject to § 417(e)(3): If a form of member's benefit is other than a benefit form described in section 16.02(A), the actuarially equivalent straight life annuity benefit that is the greatest of:

- (1) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table, or tabular factor, specified in the plan for actuarial experience;

(2) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable computed using a five percent interest assumption for the applicable statutory interest assumption and (i) for years prior to January 1, 2009 the applicable mortality tables for the distribution under 26 CFR 1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) and (ii) for years after December 31, 2008 the applicable mortality tables described in Code Section 417(e)(3)(B) (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Code Section 417(e)(3)(B)); or

(3) The annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable computed using the applicable interest rate for the distribution under 26 CFR 1.417(e)-1(d)(3) the 30-year Treasury rate prior to January 1, 2007 using the rate in effect for the month prior to retirement and on and after January 1, 2007 using the rate in effect for the first day of the plan year with a one-year stabilization period and (i) for years prior to January 1, 2009 the applicable mortality tables for the distribution under 26 CFR 1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62) and (ii) for years after December 31, 2008 the applicable mortality tables described in Code Section 417(e)(3)(B) (Notice 2008-85 or any subsequent Internal Revenue Service guidance implementing Code Section 417(e)(3)(B)), divided by 1.05.

(C) The actuary may adjust the 415(b) limit at that annuity starting date in accordance with paragraphs (A) and (B) above.

(D) Benefits Not Taken into Account. For purposes of this Section, the following benefits shall not be taken into account in applying these limits:

- (1) Any ancillary benefit which is not directly related to retirement income benefits;
- (2) Survivor benefits payable to a surviving spouse under a qualified joint and survivor annuity to the extent such benefits would not be payable if the participant's benefit were paid in another form;
- (3) Any other benefit not required under §415(b)(2) of the Code and Regulations thereunder to be taken into account for purposes of the limitation of Code Section 415(b)(1);

(E) COLA Effect. Effective on and after January 1, 2003, for purposes of applying the limits under Code Section 415(b) (the "Limit"), the following will apply:

- (1) A member's applicable limit will be applied to the member's annual benefit in the member's first limitation year of benefit payments without regard to any automatic cost of living adjustments;
- (2) thereafter, in any subsequent limitation year, a member's annual benefit, including any automatic cost of living increases, shall be tested under the then applicable benefit limit including any adjustment to the Code Section 415(b)(1)(A) dollar limit under Code Section 415(d), and the regulations thereunder; but
- (3) in no event shall a member's benefit payable under the plan in any limitation year be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to Code Section 415(d) and the regulations thereunder.

Unless otherwise specified in the plan, for purposes of applying the limits under Code Section 415(b), a Member's applicable limit will be applied taking into consideration cost of living increases as required by Section 415(b) of the Code and applicable Treasury Regulations.

(F) Other Adjustments in Limitations.

(1) In the event the member's retirement benefits become payable before age sixty-two (62), the limit prescribed by this section shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of Code Section 415(b) of the Code, so that such limit (as so reduced) equals an annual straight life benefit (when such retirement income benefit begins) which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section 415(b)(1)(A) of the Code (as adjusted pursuant to Section 415(d) of the Code) beginning at age sixty-two (62).

(2) In the event the member's benefit is based on at least fifteen (15) years of credited service as a full-time police officer or firefighter, the adjustments provided for in (F)(1) above shall not apply.

(3) The reductions provided for in (F)(1) above shall not be applicable to disability benefits or pre-retirement death benefits.

(4) In the event the member's retirement benefit becomes payable after age sixty-five (65), for purposes of determining whether this benefit meets the limit set forth herein, such benefit shall be adjusted so that it is actuarially equivalent to the benefit beginning at age sixty-five(65). This adjustment shall be made in accordance with regulations promulgated by the Secretary of the Treasury or his delegate.

16.03 Less than Ten (10) Years of Service.

The maximum retirement benefits payable under this section to any member who has completed less than ten (10) years of credited service shall be the amount determined under section 16.01 multiplied by a fraction, the numerator of which is the number of the member's years of credited service and the denominator of which is ten (10). The reduction provided by this section cannot reduce the maximum benefit below 10% of the limit determined without regard to this

subsection. The reduction provided for in this section shall not be applicable to pre-retirement disability benefits or pre-retirement death benefits.

16.04 Participation in Other Defined Benefit Plans.

The limit of this section with respect to any member who at any time has been a member in any other defined benefit plan as defined in Code Section 414(j) maintained by the Employer shall apply as if the total benefits payable under all Employer defined benefit plans in which the member has been a member were payable from one plan.

16.05 Ten Thousand Dollar (\$10,000) Limit.

Notwithstanding anything in this article to the contrary, the retirement benefit payable with respect to a member shall be deemed not to exceed the limit set forth in this article if the benefits payable, with respect to such member under this plan and under all other qualified defined benefit pension plans to which the Employer contributes, do not exceed ten thousand dollars (\$10,000) for the applicable limitation year and for any prior limitation year and the Employer has not at any time maintained a qualified defined contribution plan in which the member participated; provided, however, that if the member has completed less than ten years of credited service, the limit hereunder shall be a reduced limit equal to ten thousand dollars (\$10,000) multiplied by a fraction, the numerator of which is the number of the member's years of credited service and the denominator of which is ten.

16.06 Reduction of Benefits.

Reduction of benefits and/or contributions to all plans, where required, shall be accomplished by first reducing the member's benefit under any defined benefit plans in which member participated, such reduction to be made first with respect to the plan in which member most recently accrued benefits and thereafter in such priority as shall be determined by the board and the plan administrator of such other plans, and next, by reducing or allocating excess forfeitures to defined

contribution plans in which the member participated, such reduction to be made first with respect to the plan in which member most recently accrued benefits and thereafter in such priority as shall be established by the board and the plan administrator for such other plans provided, however, that necessary reductions may be made in a different manner and priority pursuant to the agreement of the board and the plan administrator of all other plans covering such member.

16.07 Service Credit Purchase Limits.

(A) Effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, if a member makes one or more contributions to purchase permissive service credit under the plan, then the requirements of this section will be treated as met only if:

(1) the requirements of Code Section 415(b) are met, determined by treating the accrued benefit derived from all such contributions as an annual benefit for purposes of Code Section 415(b), or

(2) the requirements of Code Section 415(c) are met, determined by treating all such contributions as annual additions for purposes of Code Section 415(c).

(3) For purposes of applying subparagraph (A)(1), the plan will not fail to meet the reduced limit under Code section 415(b)(2)(C) solely by reason of this subparagraph (3), and for purposes of applying subparagraph (A)(2) the plan will not fail to meet the percentage limitation under Section 415(c)(1)(B) of the Code solely by reason of this subparagraph (3)

(B) For purposes of this subsection the term “permissive service credit” means service credit—

(1) recognized by the plan for purposes of calculating a member’s benefit under the plan.

(2) which such member has not received under the plan, and

(3) which such member may receive only by making a voluntary additional contribution, in an amount determined under the plan,

which does not exceed the amount necessary to fund the benefit attributable to such service credit.

Effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, such term may, if otherwise provided by the plan, include service credit for periods for which there is no performance of service, and, notwithstanding clause (B)(2), may include service credited in order to provide an increased benefit for service credit which a member is receiving under the plan.

(C) For purposes of applying the limits in this Section 16.07 only and for no other purpose, the definition of compensation where applicable will be compensation actually paid or made available during a limitation year, except as noted below and as permitted by Treasury Regulations located in 26 CFR 1.415(c)-2, or successor regulations. Unless another definition of compensation that is permitted by Treasury Regulations Section 1.415(c)-2, or successor regulation, is specified by the plan, compensation will be defined as wages within the meaning of Code Section 3401(a) and all other payments of compensation to an employee by an employer for which the employer is required to furnish the employee a written statement under Code Sections 6041(d), 6051(a)(3) and 6052 and will be determined without regard to any rules under Code Section 3401(a) that limit the remuneration included in wages based on the nature or location of the employment or the services performed (such as the exception for agricultural labor in Code Section 3401(a)(2)).

(1) However, for limitation years beginning after December 31, 1997, compensation will also include amounts that would otherwise be included in compensation but for an election under Code Sections 125(a), 402(e)(3), 402(h)(1)(B), 402(k), or 457(b). For limitation years beginning after December 31, 2000, compensation will also include any elective amounts that are not includible in the gross income of the employee by reason of Code Section 132(f)(4).

(2) For limitation years beginning on and after January 1, 2007, compensation for the limitation year will also include compensation

paid by the later of 2½ months after an employee's severance from employment or the end of the limitation year that includes the date of the employee's severance from employment if:

- a. the payment is regular compensation for services during the employee's regular working hours, or compensation for services outside the employee's regular working hours (such as overtime or shift differential), commissions, bonuses or other similar payments, and, absent a severance from employment, the payments would have been paid to the employee which the employee continued in employment with the employer; or
- b. the payment is for unused accrued bona fide sick, vacation or other leave that the employee would have been able to use if employment had continued.

(3) Back pay, within the meaning of Treasury Regulations Section 1.415(c)-2(g)(8), shall be treated as compensation for the limitation year to which the back pay relates to the extent the back pay represents wages and compensation that would otherwise be included under this definition.

(D) Notwithstanding any other provision of law to the contrary, the Board may modify a request by a member to make a contribution to the plan if the amount of the contribution would exceed the limits provided in Code Section 415 by using the following methods:

(1) If the law requires a lump sum payment for the purchase of service credit, the Board may establish a periodic payment deduction plan for the member to avoid a contribution in excess of the limits under Code Sections 415(c) or 415(n).

(2) If payment pursuant to subparagraph (D)(1) will not avoid a contribution in excess of the limits imposed by Code Section 415(c), the Board may either reduce the member's contribution to an amount within the limits of that section or refuse the member's contribution

(E) If the annual additions for any member for a plan year exceed the limitation under Code Section 415(c), the excess annual addition will be corrected as permitted under the Employee Plans Compliance Resolution System (or similar IRS correction program).

(F) For limitation years beginning on or after January 1, 2009, a member's compensation for purposes of this section shall not exceed the annual limit under Code Section 401(a)(17).

16.08 Additional Limitation on Pension Benefits.

Notwithstanding anything herein to the contrary:

(1) The normal retirement benefit or pension payable to a retiree who becomes a Participant of the Plan and who has not previously participated in such Plan, on or after January 1, 1980, shall not exceed one hundred percent (100%) of average final compensation. However, nothing contained in this section shall apply to supplemental retirement benefits or to pension increases attributable to cost-of-living increases or adjustments.

(2) No Participant shall be allowed to receive a retirement benefit or pension which is in part or in whole based upon any service with respect to which the Participant is already receiving, or will receive in the future, a retirement benefit or pension from a different employer's retirement system or plan. This restriction does not apply to social security benefits or federal benefits under Chapter 67, Title 10, U.S. Code.

this Benefit Restoration Plan, unless excluded by category under the terms of the Information Sheet.

(2) Participation in the Benefit Restoration Plan is automatic. Any Participant, Pensioner or Beneficiary who is eligible for benefits is entitled to such benefits without the necessity of enrollment. Participation in the Benefit Restoration Plan will cease for any Plan Year in which the retirement benefit of a Pensioner or Beneficiary is not limited by Code Section 415.

(D) **BENEFITS**

(1) **Benefit Amount**

A covered Pensioner or Beneficiary shall receive a monthly benefit equal to the difference between the participant's monthly retirement benefit otherwise payable from the Plan prior to any reduction or limitation because of Code Section 415 and the actual monthly retirement benefit payable from the Plan as limited by Code Section 415. (E) **CONTRIBUTIONS AND FUNDING**

(1) Contributions

(a) The Board, upon the recommendation of the actuary, shall determine the required contributions to pay plan benefits in accordance with (3) below. The required contribution for each Plan Year shall be the total amount of benefits payable under (D) to all Pensioners and Beneficiaries, plus such amount as determined by the Board to pay the administrative expenses of the Benefit Restoration Plan and the Employer's share of any employment taxes on the benefits paid from the Plan.

(2) Benefit Restoration Plan Trust Fund

The benefits payable under this Benefit Restoration Plan may not be assigned or alienated, except as otherwise permitted for benefits payable by the Plan.

(5) Amendment and Termination

The Employer reserves the right to amend this Benefit Restoration Plan at any time. No modification or amendment of the Benefit Restoration Plan shall make it possible for any part of the income or assets of the fund to be used for, or diverted to, purposes other than for the exclusive benefit of the Participants, Pensioners and Beneficiaries, except as set forth in section (2) above.

The Employer reserves the right to discontinue or terminate this Benefit Restoration Plan in whole or in part. If, after satisfaction of all liabilities, there is any balance remaining in the fund, such balance shall be refunded to the Employer if not otherwise prohibited by law.

(F) ADMINISTRATION

(1) Benefit Restoration Plan Administration

The Benefit Restoration Plan shall be administered by the Board. The Board shall have the same authority to administer the Benefit Restoration Plan as exists for the Plan. The Board may delegate any or all of the Board's administrative authority.

ARTICLE 17

DISTRIBUTION OF BENEFITS

As of the Effective Date, this Plan shall pay all benefits in accordance with a good faith interpretation of the requirements of Code Section 401(a)(9) and the regulations promulgated thereunder, as applicable to a governmental plan as defined in Code Section 414(d). Notwithstanding any other provision of this Plan to the contrary, a form of retirement income payable from this Plan shall satisfy the following conditions:

- (A)** If the retirement income is payable before the Participant's death,
- (1)** It shall either be distributed or commence to the Participant not later than April 1 of the calendar year following the later of the calendar year in which the Participant attains the applicable age required by IRC § 401(a)(9), or the calendar year in which the Participant retires; and,
 - (2)** the benefit shall be paid over the life of the Participant or over the lifetimes of the Participant and designated beneficiary and shall be paid over the period extending not beyond the life expectancy of the Participant and designated beneficiary

Where benefit payments have commenced in accordance with the preceding paragraphs and the Participant dies before his entire interest in the Plan has been distributed, the remaining portion of such interest in the Plan shall be distributed no less rapidly than under the form of distribution in effect at the time of the Participant's death.

(B) If the Participant dies before distributions begin, the Participant's entire interest will be distributed, or begin to be distributed, no later than as follows:

- (1)** If the Participant's surviving spouse is the Participant's sole designated beneficiary, then, except as provided in the adoption agreement, distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the

Participant died, or by December 31 of the calendar year in which the Participant would have attained the applicable age as required under IRC § 401(a)(9), if later. [See note to Provision 6.08 regarding applicable age requirements]

- (2) If the Participant's surviving spouse is not the Participant's sole designated beneficiary, then, except as provided in the adoption agreement, distributions to the designated beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died.
- (3) If there is no designated beneficiary as of September 30 of the year following the year of the Participant's death, the Participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.
- (4) If the Participant's surviving spouse is the Participant's sole designated beneficiary and the surviving spouse dies after the Participant but before distributions to the surviving spouse are required to begin, this subsection (B), other than B(1), will apply as if the surviving spouse were the Participant. For purposes of this subsection, unless this provision B(4) applies, distributions are considered to begin on the Participant's required beginning date. If this provision B(4) applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under B(4). If distributions under an annuity meeting the requirements of this article commence to the Participant before the Participant's required beginning date (or to the Participant's surviving spouse before the date distributions are required to begin to the surviving spouse under B(1)), the date distributions are considered to begin is the date distributions actually commence.

(C) Direct Transfers of Eligible Rollover Distributions

- (1) This paragraph applies to distributions made on or after January 1, 1993. Notwithstanding any provisions of the Plan to the contrary that would otherwise limit

a distributee's (as defined below) election under this paragraph, a distributee may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of an eligible rollover distribution (as defined below) that is equal to at least \$500 paid directly to an eligible retirement plan (as defined below) specified by the distributee in a direct rollover (as defined below). If an eligible rollover distribution is less than \$500, a distributee may not make the election described in the preceding sentence to rollover only a portion of the eligible rollover distribution.

(2) For purposes of this paragraph, the following terms shall have the following meanings:

(i) An "eligible rollover distribution" is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under Code Section 401(a)(9), and the portion of any distribution that is not included in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities); and any other distribution(s) that is reasonably expected to total less than \$200 during a year.

A portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includible in gross income. However, such portion may be transferred only to (1) a traditional individual retirement account or annuity described in § 408(a) or (b) of the Code (a —traditional IRA) or a Roth individual retirement account or annuity described in § 408A (a —Roth IRA); or (2) to a qualified defined contribution, defined benefit, or annuity plan described in § 401(a) or § 403(a) or to an annuity contract described in § 403(b), if such plan or contract provides for separate accounting for

amounts so transferred (including interest thereon), including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.

(ii) An “eligible retirement plan” is an eligible plan under § 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this plan, a traditional IRA, a Roth IRA, an annuity plan described in § 403(a) of the Code, an annuity contract described in § 403(b) of the Code, or a qualified defined benefit or defined contribution plan described in § 401(a) of the Code, that accepts the distributee’s eligible rollover distribution. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in § 414(p) of the Code.

(iii) A “distributee” includes an Employee or former Employee. In addition, the Employee’s or former Employee’s surviving spouse is a distributee with regard to the interest of the spouse. For distributions occurring in plan years beginning after December 31, 2009 (or in any earlier plan year beginning after December 31, 2006), a distributee also includes the Participant’s non-spouse designated beneficiary. In the case of a non-spouse beneficiary, the direct rollover may be made only to a traditional IRA or Roth IRA that is established on behalf of the designated beneficiary and that will be treated as an inherited IRA pursuant to the provisions of § 402(c)(11). Also, in this case, the determination of any required minimum distribution under § 401(a)(9) that is ineligible for rollover shall be made in accordance with Notice 2007-7, Q&A 17 and 18, 2007-5 I.R.B. 395.

(iv) A “direct rollover” is a payment by the Plan to the eligible retirement plan specified by the distributee.

18.07 Qualified Military Service:

Notwithstanding any provision of this Plan to the contrary, contributions, benefits, and service credit with respect to qualified military service will be provided in accordance with § 414(u) of the Code. To the extent that the definition of “credited service” sets forth contribution requirements that are more favorable to the participants than the minimum compliance requirements, the more favorable provisions shall apply.

Consistent with the Heroes Earning Assistance and Relief Tax (HEART) Act, a deceased person’s period of qualified military service will be credited service under the Plan.

If a Participant dies while engaged in qualified military service, the Participant’s beneficiaries shall be entitled to any benefits the Participant would have been entitled to as if the Participant had resumed employment immediately prior to his or her death in accordance with the Heroes Earning Assistance and Relief Tax (HEART) Act, and any regulations promulgated thereunder.

18.08 Domestic Relations Order Submission:

(A) Prior to the entry of any domestic relations order which affects or purports to affect the Fund’s responsibilities in connection with the payment of benefits, that order should

be submitted through the Fund's administrator for review as to whether the Fund may honor it.

(B) If the domestic relations order is not submitted to the administrator for review prior to entry, and the Fund is ordered to take action that it may not legally take, and the Fund expends administrative or legal fees in resolving the matter, the Participant who submitted the domestic relations order will be required to reimburse the Fund its expenses in connection with the order.

(C) The administrator may develop rules or regulations concerning what the Fund will consider to determine if a domestic relations order may be complied with by the Fund.

Any modification or amendment of this Plan may be made retroactively, if necessary or appropriate to maintain qualification.

The Employer acknowledges the FMPTF Defined Benefit Plan document may be amended from time to time by the FMPTF Master Trustee to comply with applicable federal or state laws or regulations, and to make ministerial or administrative changes to the Plan, without the consent of the Employer or of Participants or any Beneficiaries thereof. Any amendment of the Plan, made in accordance with this provision, may be made retroactively, if deemed necessary or appropriate by the FMPTF Master Trustee. A copy of any Plan amendment shall be delivered to the Plan administrator, and the Plan shall be amended in the manner and effective as of the date set forth therein, and the Employers, Employees, Participants and Beneficiaries shall be bound by the amendment.

The FMPTF Master Trustee shall not make any amendment to benefits under the Plan unless the amendment is necessitated to comply with applicable federal or state laws or regulations. Employers shall receive copies of any Plan amendments made by the FMPTF Master Trustee.

ARTICLE 19

REPEAL OR TERMINATION OF PLAN

(A) This Plan and Fund may be modified, terminated, or amended, in whole or in part at any time by the Employer; provided that if this Plan or any subsequent ordinance or resolution shall be amended or repealed in its application to any person benefiting hereunder, the amount of benefits which at the time of any such alteration, amendment, or repeal shall have accrued to the Participant or beneficiary shall not be affected thereby, except to the extent that the assets of the Fund may be determined to be inadequate.

(B) If this Plan shall be repealed, or if contributions to the Plan are discontinued, or if there is a transfer, merger or consolidation of government units, services or functions as provided in Chapter 121, Fl. Stat., the Board shall continue to administer the Plan in accordance with the provisions of this Plan, for the sole benefit of the then Participant's, any beneficiaries then receiving retirement allowances, and any future persons entitled to receive future benefits. In the event of repeal, termination or permanent discontinuance of contributions due to transfer, merger or consolidation of government units, services or functions, or for any other reason, there shall be full vesting (100%) of benefits accrued to date of repeal and the assets of the Plan shall be allocated as follows:

(C) General Employees

Benefits for General Employees shall be distributed in an equitable manner to provide benefits on a proportionate basis to the persons so entitled in accordance with the provisions of this Plan. The following shall be the order of priority for purposes of allocating the assets of the Plan as of the date of repeal of this Plan, or if contributions to the Plan are discontinued with the date of such discontinuation being determined by the Employer.

(1) Apportionment shall first be made in respect of each retired Participant receiving a retirement or disability benefit hereunder on such date, each person receiving a benefit on such date on account of a retired or disabled (but since deceased) Participant, and each Participant who has, by such date, become eligible

for normal retirement but has not yet retired, an amount which is the actuarial equivalent of such benefit, based upon the actuarial assumptions in use for purposes of the most recent actuarial valuation, provided that, if such asset value be less than the aggregate of such amounts, such amounts shall be proportionately reduced so that the aggregate of such reduced amounts will be equal to such asset value.

(2) If there be any asset value remaining after the apportionment under paragraph 1, apportionment shall next be made in respect of each Participant in the service of the Employer on such date who has completed at least ten (10) Years of Credited Service and who is not entitled to an apportionment under paragraph 1, in the amount required to provide the Actuarial Equivalent, as described in paragraph 1 above, of the accrued Normal Retirement Benefit, based on the Credited Service and Salary as of such date, and each vested former Participant then entitled to a deferred benefit who has not, by such date, begun receiving benefit payments, in the amount required to provide said Actuarial Equivalent of the accrued Normal Retirement Benefit, provided that, if such remaining asset value is less than the aggregate of the amounts apportioned hereunder, such latter amounts shall be proportionately reduced so that the aggregate of such reduced amounts will be equal to such remaining asset value.

(3) If there be any asset value after the apportionments under paragraph 1 and 2 above, apportionment shall be made in respect of each Participant in the service of the Employer on such date who is not entitled to an apportionment under paragraphs 1 and 2 above in the amount equal to Participant's Accumulated Contributions, provided that, if such remaining asset value be less than the aggregate of the amounts apportioned hereunder, such latter amount shall be proportionately reduced so that the aggregate of such reduced amounts will be equal to such remaining asset value.

(4) If there be any asset value remaining after the apportionments under paragraphs 1, 2, and 3 above, apportionment shall lastly be made in respect of each participant included in paragraph 3 above to the extent of the Actuarial Equivalent,

as described in paragraph 1 above, of the accrued Normal Retirement Benefit, less the amount apportioned in paragraph 3 above, based on the Credited Service and Average Final Compensation as of such date, provided that, if such remaining asset value be less than the aggregate of the amounts apportioned hereunder, such amounts shall be reduced so that the aggregate of such reduced amounts will be equal to such remaining asset value.

(5) In the event that there be asset value remaining after the full apportionment specified in paragraphs 1, 2, 3, and 4 above, such excess shall be returned to the Employer, less return of the State's contributions to the State if applicable, provided that, if the excess is less than the total contributions made by the Employer and the State to the date of termination such excess shall be divided proportionately to the total contributions made by the Employer and the State.

The allocation of the Fund provided for in this subsection may, as decided by the Board and the Employer be carried out through the purchase of insurance company contracts to provide the benefits determined in accordance with this subsection. The Fund may be distributed in one sum to the persons entitled to said benefits or the distribution may be carried out in such other equitable manner as the Board and the Employer may direct. The Trust may be continued in existence for purposes of subsequent distributions.

(6) After all the vested and accrued benefits provided hereunder have been paid and after all other liabilities have been satisfied, then and only then, shall any remaining funds be reverted to of the Employer.

(D) Police Officers and Firefighters

Benefits for Police Officers and Firefighters for plans participating in Chapters 175 or 185, Fl. Stat., shall be distributed in accordance with the following procedure:

(1) The Board shall determine the date of distribution and the asset value required to fund all the nonforfeitable benefits, after taking into account the expenses of such distribution. The Board shall inform the Employer if additional assets are required, in which event the Employer shall continue to financially support the plan until all nonforfeitable benefits have been funded.

(2) The Board shall determine the method of distribution of the asset value, that is, whether distribution shall be by payment in cash, by the maintenance of another or substituted trust fund, by the purchase of insured annuities, or otherwise, for each participant entitled to benefits under the plan as specified in paragraph (3).

(3) The Board shall distribute the asset value as of the date of termination in the manner set forth in this subsection, on the basis that the amount required to provide any given retirement income shall mean the actuarially computed single-sum value of such retirement income, except that if the method of distribution determined under paragraph (2) involves the purchase of an insured annuity, the amount required to provide the given retirement income shall mean the single premium payable for such annuity. The actuarial single-sum value may not be less than the employee's accumulated contributions to the plan, with interest if provided by the plan, less the value of any plan benefits previously paid to the employee.

(4) If in the event that there is asset value remaining after the full distribution as specified in paragraph (3), and after the payment of any expenses incurred with such distribution, such excess shall be returned to Employer, less return to the state of the state's contributions, provided that, if the excess is less than the total contributions made by the Employer and the state to date of termination of the plan, such excess shall be divided proportionately to the total contributions made by the Employer and the state.

ARTICLE 20

EXEMPTION FROM EXECUTION, NON-ASSIGNABILITY

Since proxy votes may be considered an asset of the Master Trust Fund, the assignment of voting proxies shall be exercised solely in the interest of the participants and beneficiaries of the Master Trust Fund, and for the exclusive purpose of providing benefits to participants and beneficiaries. Documentation related to the handling and voting of proxies will be reported to the Master Trustees on a quarterly basis.

The Master Trustees may (but are not required to) solicit Participating Employees' instructions as to the voting of a Master Trust Fund investment for their benefit. In so doing, the

Master Trustees may solicit instructions from only those Participating Employees whose Plan accounts held the applicable investment on the record date fixed by the investment issuer. To the extent that the Administrator receives proper instructions from these Participating Employees, the Master Trustees shall vote the Master Trust Fund's rights in accordance with the instructions. To the extent of the Master Trust Fund's rights for which Participating Employees did not give proper instructions, the Master Trustees may vote in their discretion.

VIII. CONTINUING EDUCATION

The Master Trust Fund acknowledges the importance of continuing education for Master Trustees. To that end, the Master Trustees shall attend appropriate educational conferences in connection with their duties and responsibilities as Master Trustees.

IX. REPORTING AND PERFORMANCE MEASUREMENT

The Administrator shall submit to the Master Trustees a quarterly investment report with information sufficient to provide for a comprehensive review of investment activity and performance for the quarter. Performance shall be measured against appropriate indices identified by the Master Trustees for each investment category. This report shall summarize recent market conditions, economic developments and anticipated investment conditions. The report should also summarize the investment strategies employed in the most recent quarter, and describe the portfolio in terms of investment securities, maturities, risk characteristics, adherence to guidelines and other relevant features.

Managers shall provide timely transaction and performance data to record and document investment activity, including asset valuation, yield and total return data and such other relative performance data of the Master Trust Fund's portfolio on a periodic basis as may be reasonably requested by the Administrator.

The Administrator, Managers and other contracted parties shall provide to the Master Trust Fund's auditor such verifications or reports as are required for the purpose of developing and supporting the annual financial statements of the Master Trust Fund and the footnotes thereto.

Managers shall provide immediate written and telephonic notice to the Administrator of any significant event relating to the Master Trust Fund, specifically but not limited to the resignation, termination or incapacity of any senior personnel of any Manager.

X. RISK AND DIVERSIFICATION

The Master Trustees will monitor the return per unit of risk (as measured by the standard deviation of quarterly returns) of the Master Trust Fund's assets on an ongoing basis, with each Manager's contribution being reviewed independently and as to its impact on the overall Master Trust Fund's investment return and volatility of results over time. Each Manager's contribution will be measured against similar data for appropriate benchmarks.

Investment guidelines and monitoring will provide controls for identifying and limiting risk of loss from over concentration of assets invested in a specific maturity, with a single issuer,

in like instruments, or dealers or through utilization of intermediaries for purchase and sale of investments.

Risk and diversification strategies shall be reviewed and revised, if necessary, on a regular basis in light of the current and projected market condition and the Master Trust Fund's needs.

Assets in the Master Trust Fund shall be diversified among equities, fixed income and real estate to minimize overall portfolio risk consistent with the level of expected return and thereby improve the long-term return potential of the Master Trust Fund's assets. The Master Trustees reserve the right to add additional diversification by retaining multiple Managers or portfolios, upon Master Trustee approval and amendment to this policy, to further minimize portfolio risk or to maintain the level of expected return.

Managers shall be selected to fulfill a particular diversifying role within the Master Trust Fund's overall investment structure. It is the express intent of the Master Trustees to grant each Manager substantial discretion over the assets under its control.

XI. CUSTODIAN

The Custodian shall hold all actively managed or non-indexed assets of the Master Trust Fund. The Custodian will operate in accordance with a separate agreement with the Master Trustees. All securities shall be held with a third party, and all securities purchased by, and all collateral obtained by the Master Trustees shall be properly designated as an asset of the Master Trustees. No withdrawal of securities, in whole or in part, shall be made from safekeeping except by the Master Trustees or their designee. Securities transactions between a broker-dealer and the custodian involving purchase or sale of securities by transfer of money or securities must be made on a "delivery versus payment" basis, if applicable, to ensure that the Custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction.

XII. DEFINED BENEFIT PLAN SPECIFICATIONS

These provisions relate to the investment of the assets of the Defined Benefit Pension Plan Trust and the portion of the Other Post-Employment Benefit Plan Trust relating to other post-employment benefit plans that are defined benefit plans.

A. Investment Objective and Expected Annual Rate of Return. The primary objective is to seek long-term growth of capital and income consistent with conservation of capital. Necessary liquidity will be maintained to meet payout requirements. Emphasis is placed on achieving consistent returns and avoiding extreme volatility in market value.

As of October 1 of each year, the individual members of the FMPTF will annually determine for their defined benefit plans the total expected annual rate of return for the current year, for each of the next several years and for the long-term thereafter. This determination must be filed promptly with the Department of Management Services, the Administrator, Master Trustees, and the actuaries, if any, for the Plans.

B. Asset Allocation and Portfolio Composition. Assets of the Master Trust Fund shall be invested in a diversified portfolio consisting of equity and debt. Although cash is not included in the asset allocation of the Master Trust Fund, surplus cash flows, additional

contributions and Manager cash will be utilized to pay obligations of the Master Trust Fund and periodic re-balancing of the assets. The Master Trust Fund may consider investments in other asset classes which offer potential enhancement to total return at risks no greater than the exposure under the initially selected asset classes.

From time to time the Master Trustees will adopt asset allocation strategies within the ranges specified below:

	<u>Maximum Target Limitation</u>
Equities	70% at market

The Master Trustees may employ an independent consultant to perform an annual, or more frequent, Asset Allocation Report that will include, but not be limited to, a strategic analysis and report on asset allocation investments between different types of investments and appropriate changes to the percentages therein. This study will be used to assist the Master Trustees in the determination of the appropriate investment allocation to maximize the return and minimize the risk to the pooled assets of the Master Trust Fund. This study may include a recommendation to add or delete asset classes as is warranted by the risk/reward analysis and by Master Trustees' approval.

The Master Trustees are not bound by acceptance or denial of recommendations presented in conjunction with the Asset Allocation Report.

It is not the intention of the Master Trust Fund to become involved in the day-to-day investment decisions. Therefore, the Administrator is authorized by this policy to make asset allocation decisions to reallocate or redirect either contributions or the investments held by the Master Trust Fund in order to take advantage of changing market conditions. Any tactical allocation that will cause the allocation of the investment classes to vary from the approved strategic allocation percentages of any asset class by more than 10% requires approval by the Chair of the Master Trustees.

The Administrator will report to the Master Trustees at their quarterly meetings on the tactical and re-balancing allocation decisions made during the prior quarter.

C. Maturity and Liquidity. The Master Trust Fund shall provide sufficient liquidity to meet any required payment.

D. Authorized Investments. In an effort to accomplish the objectives of the Master Trust Fund, this policy identifies various authorized investment instruments, issuer diversification, maturity constraints, investment ratings and liquidity parameters. The following are authorized investments:

10. Corporate fixed income securities issued by any corporation in the United States with any A rating or better. A Manager may hold no more than 3% of the invested account in any one corporation at the time of purchase.

15. Investment agreements with other financial institutions. If collateralized, the collateral securing the investment agreement shall be limited to those securities authorized for purchase by this investment policy. The invested account of a Manager may own, at one time, no more than \$10,000,000 in investment agreements from any one financial institution. Investment agreements are obligations of financial institutions typically bearing a fixed rate of interest and having a fixed maturity date. Investment agreements are privately negotiated and illiquid.

16. Equity assets, including common stock, preferred stock and interest bearing obligations having an option to convert into common stock.

17. Florida Municipal Investment Trust (FMIvT) Portfolios.

E. Valuation of Illiquid Investments. If illiquid investments for which a generally recognized market is not available or for which there is no consistent or generally accepted pricing mechanism, the criteria set forth in Section 215.47(6), Florida Statutes, shall apply, except that submission to an Investment Advisory Council is not required. For each plan year (defined benefit plans only) the Master Trustees must verify the determination of the fair market value for those investments and ascertain that the determination complies with all applicable state and federal requirements. The Master Trustees shall disclose to the Department of Management Services and the Administrator each such investment for which the fair market value is not provided.

F. Master Repurchase Agreements. All approved institutions and dealers transacting repurchase agreements shall execute and perform as stated in a Master Repurchase Agreement. All repurchase agreement transactions shall adhere to the requirements of the Master

Repurchase Agreement. This provision does not restrict or limit the terms of any such Master Repurchase Agreement.

G. Criteria for Investment Manager Review. The Master Trustees wish to adopt standards by which ongoing retention of a Manager should be determined. With this in mind, the following guidelines are adopted:

If, at any time, any one of the following is breached, the Manager will be notified of the Master Trustees' serious concern for the Fund's continued safety and performance and that manager termination could occur.

1. Consistent performance below the 50th percentile in the specified universe over rolling 3-year periods.
2. Consistent under-performance of the stated target index over rolling 3-year periods.
3. Loss by the Manager of any senior personnel deemed detrimental to the Manager's ability to perform required duties or any potentially detrimental organizational issues that may arise and have an effect on the management of Master Trust Fund assets.
4. Substantial change in basic investment philosophy by the Manager.
5. Substantial change of ownership of the firm deemed detrimental to the Manager's ability to perform required duties.
6. Failure to attain at least a 51% vote of the confidence of the Master Trustees.
7. Failure to observe any guidelines as stated in this policy.

This shall in no way limit or diminish the Master Trustees' right to terminate the Manager at any time for any reason.

An investment management agreement will be entered into between the Master Trustees and each Manager. Each investment management agreement will include such items as fiduciary standards, notice requirements, duties and responsibilities and specific investment guidelines for the Manager and will be subject to the prior review and approval of an attorney for the Master Trustees.

All Managers must be duly registered with the appropriate government agencies to act in the capacity of investment manager on behalf of the Master Trustees. Any Manager appointed shall promptly notify the Master Trustees in the event any circumstance arises that may result in its failing to continue to meet the requirements stipulated by the respective government agencies.

A Manager's performance will be evaluated with the assistance of performance measurement consultants on an on-going basis and will be a primary criteria for their retention.

H. Deferred Retirement Option Program Funds. For a defined benefit plan within the Defined Benefit Pension Plan Trust, an employer or board of trustees may establish a Deferred Retirement Option Program (“DROP”) distribution option whereby DROP funds are invested through the Master Trust Fund or allow participant-directed investment of DROP funds through the Master Trust Fund as provided under Article XIII of this Investment Policy.

I. “Pecuniary Factor” - Compliance with Section 112.662, Florida Statutes. As used herein, the term “pecuniary factor” means a factor that the Administrator, investment managers, named fiduciary, or Master Trustees prudently determines is expected to have a material effect on the risk or returns of an investment based on appropriate investment horizons consistent with the investment objectives and funding policy of the defined benefit plans. The term does not include the consideration of the furtherance of any social, political, or ideological interests.

When deciding whether to invest and when investing the assets of the defined benefit plans, only pecuniary factors may be considered and the interests of the participants and beneficiaries of the plans may not be subordinated to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary factor. The weight given to any pecuniary factor must appropriately reflect a prudent assessment of its impact on risk or returns.

If, at any time, the Master Trustees are to exercise shareholder rights or are to exercise such rights on behalf of the defined benefit plans, including the voting of proxies, only pecuniary factors may be considered and the interests of the participants and beneficiaries of plans may not be subordinated to other objectives, including sacrificing investment return or undertaking additional investment risk to promote any nonpecuniary factor.

XIII. DEFINED CONTRIBUTION AND DEFERRED COMPENSATION PLAN SPECIFICATIONS

These provisions relate to the investment of the assets of the Defined Contribution Pension Plan Trust, the Deferred Compensation Plan Trust, the portion of the Other Post-Employment Benefit Plan Trust relating to other post-employment benefit plans that are defined contribution plans, and the portion of the Defined Benefit Pension Plan Trust relating to participant-directed investment of Deferred Retirement Option Program funds. As provided in Section I. Authority of this Investment Policy, the provisions in this Section XIII have limited or no application to investment options selected and overseen by a Participating Employer under Open Architecture Investment.

A. Purpose. The Master Trustees are charged with the overall responsibility to manage the Master Trust Fund assets prudently on behalf of the Participating Employees. The general purpose of this investment policy is to assist the Master Trustees in discharging their responsibility to supervise, monitor and evaluate the investment of the Master Trust Fund assets. The Master Trustees believe this investment policy should be dynamic and should be reviewed periodically. The Master Trustees intend that this policy will not be overly restrictive given changing economic, business and capital market conditions.

Therefore, this policy is compiled to ensure:

1. The Master Trustees define a formal set of investment objectives, guidelines and procedures for the management of the Master Trust Fund assets, subject to the terms of the Plans' documents and investment advisory agreements entered into by the Managers and the Trustees.

2. Direct and indirect investment expenses are controlled and reasonable.

3. The investments of the Master Trust Fund assets are managed in accordance with the fiduciary prudence and due diligence requirements that experienced investment professionals would utilize and with all applicable laws, rules and regulations from various state, local and federal agencies that may impact the Master Trust Fund assets.

4. If and to the extent permitted by their respective Plans, Participating Employees and Beneficiaries have the ability to invest in a variety of asset classes, thereby gaining exposure to a wide range of investment opportunities.

B. Investment Objective. To the extent any Plans provide for participant-directed investments, the Master Trust Fund will make available a range of different diversified investment options that have varying degrees of risk and return.

It is anticipated, but not required, that the same investment options be available for each Plan. Investment options offered to Participating Employees and their Beneficiaries shall be approved by the Trustees.

To the extent any Plans provide for participant-directed investment, the primary objective of the Master Trust Fund is to offer the Participating Employees and their Beneficiaries a range of investment choices to permit diversification and a choice of investment strategies. The objectives are further defined as follows:

1. To provide a spectrum of investment options so a Participating Employee will be able to choose the investment mix that may fall within a range of risk and return characteristics customarily appropriate for the Participating Employee.

2. To provide sufficient investment choices so that the asset classes selected shall be such that taken together Participating Employees will have a reasonable opportunity to materially affect the potential investment returns in their accounts, while at the same time controlling risk or volatility. It is the intent that a Participating Employee may be able to build a balanced portfolio in a manner generally consistent with modern portfolio theory.

C. Guidelines

1. Investment options for the Participating Employees shall be determined solely in the interest of the Participating Employees and their Beneficiaries and for the exclusive purpose of providing benefits to the Participating Employees and their Beneficiaries.

2. Investment options for the Participating Employees shall be determined with the care, skill, prudence and diligence under the circumstances then prevailing that a

prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and aims.

3. Investment options for the Participating Employees shall be determined so as to offer an array of investment options so Participating Employees can protect themselves from large losses by appropriately diversifying their account.

D. Participant Control. To the extent permitted by the Plans, Participating Employees shall be given control over the investment allocation process. This shall include the right to change investment allocations of existing account balances and future contributions daily. Participating Employees shall also be given information necessary for them to reasonably understand the investments and to make reasonably informed investment decisions.

E. Self Directed Investment Option. Participants are allowed to self-direct their Pension accounts within the mutual fund offering. .

F. Procedure

1. The Master Trustees shall use business judgment in selecting investment products limited to registered investment company [“mutual fund”] shares and collective investment fund units, which the Master Trustees may own indirectly through a group trust or a securities account. The Plans’ investment options shall not include any investment for which the indicia of ownership cannot be held by the Master Trustees in the United States of America. Investment companies need not be classified as “diversified” as defined by the Investment Company Act of 1940. Both passive and actively managed investment strategies will be considered.

2. The following characteristics (when applicable) shall be considered in selecting the specific asset classes and corresponding investments to be made available to Participating Employees:

(e) Risk adjusted return measurements: Sharpe Ratio and Alpha Returns and their relationship to appropriate benchmarks and peer groups. (Higher Sharpe Ratio and Alpha Return are preferred.)

(f) Risk characteristics: risk as measured implicitly by reviewing standard deviation and beta as used to compute Sharpe Ratios and Alpha statistics. (Lower standard deviations and betas are preferred.)

(g) Any other criteria that the Master Trustees deem worthwhile in judging the suitability of an investment, as long as the overall range of other investment options meets all requirements of this investment policy.

The Master Trustees shall review the long-term performance, risk and correlation characteristics of various asset classes, focusing on the balance between risk and return and the asset class' market behavior so that the investment options reasonably span the risk/return spectrum.

3. Miscellaneous Criteria: In selecting the specific investments to be made available to participants, the Master Trustees shall consider the following additional criteria:

(a) *Services to Participating Employees*

- (1) Communication from the funds
- (2) Accessibility to fund information
- (3) Ease and cost of investment transfers
- (4) Nature and frequency of reports to Participating Employees

J. Criteria for Evaluating Funds Selected in Each Asset Category

1. The following information shall be considered in determining if an investment option should be replaced. Once an investment is selected for the Master Trust Fund, performance will be evaluated from the date it was added to the Master Trust Fund using these criteria. At all times each mutual fund must carry a Morningstar Star rating of at least a three if available.

(a) Portfolio statistics as determined by portfolio and style analysis that demonstrates a departure from the fund's intended investment category (asset class).

(b) Termination of the Manager, material change in the management team or change in ownership.

(c) Increase in direct and indirect expenses.

(d) Actively managed funds should outperform their relevant benchmark over a 3 and 5 year time frame.

(e) Actively managed funds should rank above median compared to their relevant group over a 3 and 5 year time frame.

(f) Actively managed funds should rank above median in 2 of the last 3 rolling 1 year intervals compared with their relevant benchmarks.

(g) Passively managed funds should approximate the risk (standard deviation) and return of their relevant benchmark over all time periods.

(h) Target retirement funds should generate a sharpe ratio (risk/return statistic) that exceeds their relevant benchmark over a 3 and 5 year time frame.

(i) Any other information that may lead the Master Trustees to believe the fund is not fulfilling the intent and purpose of this policy, including performance relative to indexes specified in Section XIII.H above.

If any of these events occur, the Master Trustees shall consider whether the fund continues to be an appropriate investment for the Master Trust Fund. The Master Trustees acknowledge that fluctuating rates of return characterize the securities markets, particularly during short-term time periods. Recognizing that short-term fluctuations may cause variations in performance, the Master Trustees intend to evaluate Manager performance from a long-term perspective giving funds an opportunity to recover from periods of poor returns. If a Manager has consistently failed to adhere to one or more of the above conditions, it is reasonable to presume a lack of adherence going forward. Failure to remedy the circumstances of unsatisfactory performance by the Manager, within a reasonable time, shall be grounds for termination. Any recommendation to terminate a Manager will not be made solely based on quantitative data. Frequent changes are neither expected nor desirable. When a fund is replaced, all assets in the replaced fund will be transferred to the new fund 30 days after the Master Trustees have voted to remove the fund. Written notice to all affected Participating Employers will be sent within 10 days of the Master Trustees decision to remove the fund. All deposits previously allocated into the replaced fund will be directed to the new fund. Appropriate information about the fund replacement and new fund prospectus will be given to Participating Employees prior to the exchange.

Events that Constitute Immediate Removal of a Mutual Fund.

In an effort to maintain strict oversight of the mutual funds in which assets of the Defined Contribution Pension Plan Trust, Deferred Compensation Plan Trust, Defined Benefit Pension Plan Trust Deferred Retirement Option Program, and Other Post-Employment Benefit Plan Trust are held, the following guidelines have been developed as a basis for when a mutual fund must immediately be removed from the Master Trust Fund. Funds meeting the following criteria may be removed by the Administrator with 30 days written notice to affected Participating Employees and notification to the Chair of the Master Trustees. Written notice to all affected Participating Employers will be sent within 10 days of the decision to remove the fund. Appropriate information about the fund's replacement and new fund prospectus will be given to Participating Employees prior to the exchange.

- Management team termination
- Material and significant changes to the fund's investment policy.

2. Qualitative due diligence of each fund will be conducted on a periodic basis with appropriate parties at each investment entity. Any issue materially affecting the management staff and investment process associated with each fund will be considered, including:

- (a) Changes to the management team or the firm's ownership.
- (b) Modifications to the fund's investment policy, philosophy and decision process.

(c) Deviation of investment style, regulatory action and investigation or litigation by a government agency.

K. **Proxy Voting.** The Master Trustees will vote on all proxies issued by the mutual funds.

XIV. REVIEW AND AMENDMENTS

It is intended that the Managers, investment consultants, Administrator and Master Trustees review this investment policy periodically. If at any time a Manager or consultant believes that the specific objectives defined herein cannot be met or that the guidelines unreasonably constrict performance, the Master Trustees shall be notified in writing. By the initial and continuing acceptance of these investment guidelines, the Manager concurs with the provisions of this policy.

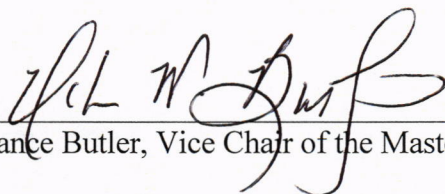

XV. FILING OF INVESTMENT POLICY

Upon adoption by the Master Trustees, this investment policy shall be promptly filed with the Department of Management Services, the Participating Employers and the Plans' actuaries, if any.

The Investment Manager shall have the power to direct the management, acquisition or disposition of that portion of the Master Trust Fund for which the Investment Manager is responsible.

The Master Trustees shall be responsible for ascertaining that each Investment Manager, while acting in that capacity, satisfies the following requirements:

1. The Investment Manager is either (i) registered as an investment adviser under the Investment Advisers Act of 1940, as amended; (ii) a bank as defined in that Act; (iii) an insurance company qualified to perform the services described herein under the

laws of more than one state; or (iv) a pooled investment program for governmental entities created pursuant to Section 163.01, Florida Statutes; and

The Master Trustees shall be entitled to rely conclusively upon such valuation for all purposes under the trust for the Plans.

D. Absence of Master Trustees' Responsibility for Investment Manager. The Master Trustees shall not be liable for any act or omission of any Investment Manager and shall not be under any obligation to invest or otherwise manage the assets of the Master Trust Fund or of the Plans that are subject to the management of any Investment Manager. F. Master Trustees Rights. In case of the death, resignation or refusal or inability to act of any one or more of the Master Trustees, the Master Trustees shall have the powers, rights, estates and interests of this Agreement as Master Trustees and shall be charged with the duties of this Agreement; provided in such cases, no action may be taken unless it is concurred in by a majority of the remaining Master Trustees.

G. Appointment of Chairman. The Master Trustees may appoint or remove a Chairman at any time who shall have such authority, duties and responsibilities as may be set forth in this Agreement from time to time and as provided under applicable law.

Section 110. AMENDMENT OR TERMINATION OF THIS AGREEMENT; TERMINATION OF PLANS.

A. Amendment. This Agreement and the trusts created hereby may be amended in writing at any time by the concurrence of a majority of the Master Trustees. No amendment to this Agreement, which directly affects the scope of powers of the Master Trustees, terms of office or the selection of Master Trustees shall become effective without the concurrence of the Board of Directors of the Florida League of Cities, Inc.

No change which specifically affects the exercise of powers by the Master Trustees or the fiduciary responsibilities of the Master Trustees to Participating Employers and Participating

Employees shall be required to be approved by the Board of Directors of the Florida League of Cities, Inc., nor shall this Section be construed to give the Board of Directors of the Florida League of Cities, Inc. the power to exercise any fiduciary responsibility of the Master Trustees or to interfere with the exercise of those responsibilities by the Master Trustees.

This Agreement may not be amended so as to change its purpose as set forth herein or to permit the diversion or application of any funds of the Master Trust Fund or of the Plans for any purpose other than those specified herein. The Master Trustees, upon adoption of an amendment to this Agreement, shall send a copy of any such amendment to the Participating Employers.

B. Termination. This Agreement and any trust created hereby may be terminated at any time by the Master Trustees with respect to an Employer when the Employer's participation in a participating Plan is terminated or when a Trust Joinder Agreement has been terminated. The Defined Contribution Pension Plan Trust may be terminated in its entirety when all of the participating defined contribution pension plans have been terminated in their entirety or have terminated their participation in the Defined Contribution Pension Plan Trust. The Deferred Compensation Plan Trust may be terminated in its entirety when all of the participating deferred compensation plans have been terminated in their entirety or have terminated their participation in the Deferred Compensation Plan Trust. The Other Post-Employment Benefit Plan Trust may be terminated in its entirety when all of the participating other post-employment benefit plans have been terminated in their entirety or have terminated their participation in the Other Post-Employment Benefit Plan Trust. The Defined Benefit Pension Plan Trust may be terminated in its entirety pursuant to Florida law. This Agreement and the Master Trust Fund may be terminated in their entirety pursuant to Florida law.

In case of a termination of this Agreement, either in whole or in part, the Master Trustees (subject to the provisions of Section 111 hereof and reserving respectively such sums as the Master Trustees shall deem necessary in settling their respective accounts and to discharge any obligation of the Master Trust Fund for which as trustees the Master Trustees shall be liable) shall hold, apply, transfer or distribute the affected assets of the Master Trust Fund in accordance with the applicable provisions of this Agreement and the affected Plans. Upon any termination, in whole or in part, of this Agreement and the trusts created hereby, the Master Trustees shall have a right to have their respective accounts settled as provided in Section 112.

In the case of the complete or partial termination of this Agreement as to one or more Employers, including a termination arising from the discontinuance or delinquency of contributions, the affected assets of the Master Trust Fund shall continue to be held pursuant to the direction of the Master Trustees, for the benefit of affected Participating Employees and Beneficiaries, pursuant to the benefit provisions of the affected Plan. This Agreement shall remain in full effect with respect to each Participating Employer that does not terminate its participation in the Master Trust Fund on behalf of its Participating Employees, or whose participation is not terminated by the Master Trustees. In the event of a complete termination of the Master Trust Fund, or of the complete termination of the Defined Contribution Pension Plan Trust, the Deferred Compensation Plan Trust, the Defined Benefit Pension Plan Trust or the Other Post-Employment Benefit Plan Trust, the Master Trustees will take reasonable steps to avoid a distribution to the Participating Employees and Beneficiaries, except pursuant to benefit options under the provisions of the participating Plans, including transfers to successor plan(s). However, if distributions must

be made, the Administrator shall be responsible for directing distribution of all affected assets of the Master Trust Fund to Participating Employees and Beneficiaries.

Distributions under a participating Plan of existing accounts or accrued benefits to the Participating Employees and Beneficiaries affected by the termination are subject to the benefit provisions of the Plan. However, if a Participating Employer requests a plan-to-plan transfer of Plan assets with respect to the Participating Employer's Participating Employees, the Master Trustees may in their discretion make the transfer.

Notwithstanding the foregoing, the Master Trustees shall not be required to pay out any assets of the Master Trust Fund to Participating Employees and Beneficiaries or a successor plan upon termination of this Agreement or the Master Trust Fund, in whole or in part, until the Master Trustees have received written certification from the Administrator (i) that all provisions of law with respect to such termination have been complied with, including the termination of a Plan; and (ii) after the Master Trustees have made a determination of the fair market value of the assets of a Plan, that the assets of the Plan are sufficient to discharge when due all obligations of the Plan required by law. The Master Trustees shall rely conclusively on such written certification and shall be under no obligation to investigate or otherwise determine its propriety.

When the assets of the Master Trust Fund affected by a termination have been applied, transferred or distributed and the accounts of the Master Trustees have been settled, then the Master Trustees shall be released and discharged from all further accountability or liability respecting the trust or trusts, or portions thereof, affected by the termination and shall not be responsible in any way for the further disposition of the assets of the trust or trusts, or portions thereof, affected by the termination or any part thereof so applied, transferred or distributed.

Section 111. PROHIBITION OF ASSIGNMENT OF INTEREST.

No interest, right or claim in or to any part of the Master Trust Fund or the funds of the Plans, or any payment therefrom shall be assignable, transferable or subject to sale, mortgage, pledge, hypothecation, commutation, anticipation, garnishment, attachment, execution or levy of any kind, and the Master Trustees shall not recognize any attempt to assign, transfer, sell, mortgage, pledge, hypothecate, commute or anticipate the same, except to the extent required by law.

K. Severability. If any provision of this Agreement shall be held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions of the Agreement shall continue to be fully effective. If any provision of the Agreement is held to violate the IRC

or to be illegal or invalid for any other reason, that provision shall be deemed to be null and void, but the invalidation of that provision shall not otherwise affect any Plan or trust created by this Agreement.

Section 503. PARTICIPATING EMPLOYERS WITH AN OTHER POST-EMPLOYMENT BENEFIT PLAN OR PLANS.

A. Approval. Before the approval of the participation of any Employer that has an other post-employment benefit plan not established as a Plan by the Master Trustees, such plan must be approved for actuarial soundness by an actuary selected by the Master Trustees or Administrator, if required, unless such requirement is waived by the Master Trustees.

B. Accumulated Share. No Participating Employer shall have any right, title or interest in or to any specific assets of the Master Trust Fund, but shall have an undivided beneficial interest in the Master Trust Fund; however, there shall be a specific accounting of assets allocable to each Participating Employer and each participating Plan.

Section 504. DEPOSITS AND DISBURSEMENTS FROM THE TRUST.

A. Trust Deposits. The Master Trustees hereby delegate to the Administrator the responsibility for accepting deposits to the Other Post-Employment Benefit Plan Trust.

B. Trust Payments. The Master Trustees hereby delegate to the Administrator the responsibility for making payments from the Other Post-Employment Benefit Plan Trust. The Administrator shall make payments from the Other Post-Employment Benefit Plan Trust to Participating Employees, their Beneficiaries and such other persons as the appropriate participating other post-employment benefit plans may provide. Such payments shall be made in such manner, in such amounts and for such purposes, including the payment of Benefits under participating other post-employment benefit plans and the payment of expenses of administration of the participating other post-employment benefit plans, as may be specified in the participating other post-employment benefit plans. Payments from the Other Post-Employment Benefit Plan Trust shall be made by check (or the check of an agent) or deposit to the order of the payee. Payments or other distributions hereunder may be mailed to the payee at the address last furnished to the Administrator. The Master Trustees shall not incur any liability or other damage on account of any payment or other distribution made by the Other Post-Employment Benefit Plan Trust in accordance with this Section.

C. Allocation of Expenses. The Master Trustees shall pay all expenses of the Other Post-Employment Benefit Plan Trust from the assets in the Other Post-Employment Benefit Plan Trust. All expenses of the Other Post-Employment Benefit Plan Trust, which are allocable to a particular investment option or account, may be allocated and charged to such investment option or account as determined by the Master Trustees. All expenses of the Other Post-Employment Benefit Plan Trust which are not allocable to a particular investment option or account shall be charged to each such investment option or account in the manner established by the Master Trustees.

Section 505. INVESTMENT OPTIONS.

The Master Trustees, in accordance with applicable provisions of the participating other post-employment benefit plans, may establish one (1) or more investment options within the Other Post-Employment Benefit Plan Trust, each option being hereinafter referred to as an "investment

option.” The Master Trustees shall transfer to each such investment option such portion of the assets of the Other Post-Employment Benefit Plan Trust as appropriate. The Master Trustees shall manage, acquire or dispose of the assets in an investment option in accordance with valid specific investment directions given by the Participating Employers or Participating Employees. All income received with respect to, and all proceeds received from, the disposition of property held in an investment option shall be credited to, and reinvested in, such investment option. The Master Trustees shall establish at least one (1) default investment option in the absence of valid Participating Employer or Participating Employee investment direction.

From time to time, the Master Trustees may eliminate an investment option, and the proceeds thereof shall be reinvested in another investment option in accordance with the directions of the Master Trustees.

Section 506. INVESTMENT IN INSURANCE CONTRACTS.

The Master Trustees may offer one (1) or more investment options pursuant to one (1) or more agreements with insurance companies qualified to do business in the State of Florida. Any asset invested pursuant to such an agreement shall be held by the insurance company. Each insurance company so selected shall certify the value of the Other Post-Employment Benefit Plan Trust’s interest in the property held by it at least annually. The Master Trustees shall be entitled to rely conclusively on such valuation for all purposes under the Other Post-Employment Benefit Plan Trust.

Section 507. INVESTMENT IN MUTUAL FUNDS.

The Master Trustees may offer one (1) or more investment options pursuant to one (1) or more agreements with companies offering mutual fund products. Any asset invested pursuant to such an agreement shall be held by the Master Trustees. Each mutual fund so selected shall certify the value of the Other Post-Employment Benefit Plan Trust’s interest in that fund at least annually. The Master Trustees shall be entitled to rely conclusively on such valuation for all purposes under the Other Post-Employment Benefit Plan Trust.

Section 507. MISCELLANEOUS.

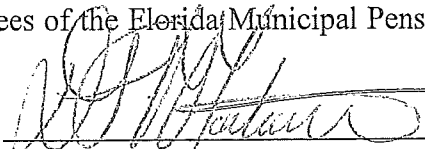

A. Conflict. In resolving any conflict among provisions of the Other Post-Employment Benefit Plan Trust and in resolving any other uncertainty as to the meaning or intention of any provision of the Other Post-Employment Benefit Plan Trust, the interpretation that (i) causes the Other Post-Employment Benefit Plan Trust to be exempt from tax under IRC Sections 115 and 501(a), and (ii) causes the participating other post-employment benefit plan and the Other Post-Employment Benefit Plan Trust to comply with all applicable requirements of law shall prevail over any different interpretation.

B. No Guarantees. Neither the Administrator nor the Master Trustees guarantee the Other Post-Employment Benefit Plan Trust from loss or depreciation or the payment of any amount which may become due to any person under any participating other post-employment benefit plan or this Agreement.

B. PLAN

The Plan represents the Full-Time Police Officers (*as defined in Ch. 185.02, Fla. Stat.*) of the City of Umatilla.

C. ELIGIBILITY

Employees shall become participants in the Plan effective immediately when hired. (*as defined in Ch. 185 Fla. Stat.*)

D. SALARY

"Salary" means the total compensation for services rendered to the city as a police officer reportable on the member's W-2 form plus all tax deferred, tax sheltered, or tax exempt items of income derived from elective employee payroll deductions or salary reductions. For service earned after July 1, 2011 (the "effective date"), salary shall not include more than three hundred (300) hours of overtime per calendar year and shall also not include payments for accrued unused sick or annual leave. Provided however, in any event, payments for overtime in excess of three hundred (300) hours per year or accrued unused sick or annual leave accrued as of the effective date and attributable to service earned prior to the effective date, may still be included in salary for pension purposes even if the payment is not actually made until on or after the effective date. In any event, with respect to unused sick leave and unused annual leave accrued prior to the effective date, salary will include the lesser of the amount of sick or annual leave time accrued on the effective date or the actual amount of sick or annual leave time for which the retiree receives payment at the time of retirement, regardless of whether the amount of sick or annual leave was, at some time prior to retirement, reduced below the amount on the effective date.

Compensation in excess of the limitations set forth in section 401(a)(17) of the code as of the first day of the plan year shall be disregarded for any purpose, including employee contributions or any benefit calculations. The annual compensation of each member taken into account in determining benefits or employee contributions for any plan year beginning on or after January 1, 2002, may not exceed two hundred thousand dollars (\$200,000.00), as adjusted for cost-of-living increases in accordance with code section 401(a)(17)(B).

Compensation means compensation during the fiscal year. The cost-of-living adjustment in effect for a calendar year applies to annual compensation for the determination period that begins with or within such calendar year. If the determination period consists of fewer than twelve (12) months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is twelve (12). If the compensation for any prior determination period is taken into account in determining a member's contributions or benefits for the current plan year, the compensation for such prior determination period is subject to the applicable annual compensation limit in effect for that prior period. The limitation on compensation for an "eligible employee" shall not be less than the amount which was allowed to be taken into account hereunder as in effect on July 1, 1993. "Eligible employee" is an individual who was a member before the first plan year beginning after December 31, 1995.

E. CREDITED SERVICE

E1) Definition

"Credited service" means the total number of years and fractional parts of years of service as a police officer with member contributions, when required, omitting intervening years or fractional parts of years when such member was not employed by the city as a police officer. A member may voluntarily leave his accumulated contributions in the fund for a period of five (5) years after leaving the employ of the police department pending the possibility of being reemployed as a police officer, without losing credit for the time that he was a member of the Plan. If a vested member leaves the employ of the police department, his accumulated contributions will be returned only upon his written request. If a member who is not vested is not reemployed as a police officer with the police department within five (5) years, his accumulated contributions, if one-thousand dollars (\$1,000.00) or less shall be returned. If a member who is not vested is not reemployed within five (5) years, his accumulated contributions, if more than one-thousand dollars (\$1,000.00), will be returned only upon the written request of the member and upon completion of a written election to receive a cash lump sum or to rollover the lump sum amount on forms designated by the board. Upon return of a member's accumulated contributions, all of his rights and benefits under the Plan are forfeited and terminated. Upon any reemployment, a police officer shall not receive credit for the years and fractional parts of years of service for which he has withdrawn his accumulated contributions from the fund, unless the police officer repays into the fund the contributions he has withdrawn, with interest, as determined by the Board, within ninety (90) days after his reemployment.

The years or fractional parts of a year that a member performs "qualified military service" consisting of voluntary or involuntary "service in the uniformed services" as defined in the Uniformed Services Employment and Reemployment Rights Act

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

(USERRA) (P.L.103-353), after separation from employment as a police officer with the city to perform training or service, shall be added to his years of credited service for all purposes, including vesting, provided that:

- (1) The member is entitled to reemployment under the provisions of USERRA.
- (2) The member returns to his employment as a police officer within one year from the earlier of the date of his military discharge or his release from active service, unless otherwise required by USERRA.
- (3) The maximum credit for military service pursuant to this paragraph shall be five (5) years.
- (4) This paragraph is intended to satisfy the minimum requirements of USERRA. To the extent that this paragraph does not meet the minimum standards of USERRA, as it may be amended from time to time, the minimum standards shall apply.

In the event a member dies on or after January 1, 2007, while performing USERRA qualified military service, the beneficiaries of the member are entitled to any benefits (other than benefit accruals relating to the period of qualified military service) as if the member had resumed employment and then died while employed.

Beginning January 1, 2009, to the extent required by section 414(u)(12) of the code, an individual receiving differential wage payments (as defined under section 3401(h)(2) of the code) from an employer shall be treated as employed by that employer, and the differential wage payment shall be treated as compensation for purposes of applying the limits on annual additions under section 415(c) of the code. This provision shall be applied to all similarly situated individuals in a reasonably equivalent manner.

Leave conversions of unused accrued paid time off shall not be permitted to be applied toward the accrual of credited service either during each plan year of a member's employment with the city or in the plan year in which the member terminates employment.

E2) Option of Purchasing Prior Credited Service (Military & Police Service)

Military Service Prior to Employment. The years or fractional parts of years that a police officer serves or has served on active duty in the military service of the Armed Forces of the United States, the United States Merchant Marine or the United States Coast Guard, voluntarily or involuntarily and honorably or under honorable conditions, prior to first and initial employment with the city police department shall be added to his years of credited service provided that:

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

(1) The member contributes to the fund the sum that he would have contributed, based on his salary and the member contribution rate in effect at the time that the credited service is requested, had he been a member of the system for the years or fractional parts of years for which he is requesting credit plus amounts actuarially determined such that the crediting of service does not result in any cost to the fund plus payment of costs for all professional services rendered to the board in connection with the purchase of years of credited service.

(2) Multiple requests to purchase credited service pursuant to this section may be made at any time prior to retirement.

(3) Payment by the member of the required amount shall be made within six (6) months of his request for credit, but not later than the retirement date, and shall be made in one lump sum payment upon receipt of which credited service shall be given.

(4) The maximum credit under this section shall be four (4) years.

(5) Credited service purchased pursuant to this section shall count for all purposes, except vesting and eligibility for not-in-line of duty disability benefits.

Prior Police Service. Unless otherwise prohibited by law, and except as provided for in herein, the years or fractional parts of years that a member previously served as a full-time police officer with the city during a period of previous employment and for which period accumulated contributions were withdrawn from the fund, or the years and fractional parts of years that a member served as a full-time police officer or the years and fractional parts of years that a member served as a police officer for any other municipal, county or state law enforcement department in the State of Florida shall be added to the years of credited service provided that:

(1) The member contributes to the fund the sum that he would have contributed, based on the salary and the member contribution rate in effect at the time that the credited service is requested, had he been a member of the system for the years or fractional parts of years for which he is requesting credit plus amounts actuarially determined such that the crediting of service does not result in any cost to the fund plus payment of costs for all professional services rendered to the board in connection with the purchase of years of credited service.

(2) Multiple requests to purchase credited service pursuant to this section may be made at any time prior to retirement.

(3) Payment by the police officer of the required amount shall be made within six (6) months of his request for credit, but not later than the retirement date, and shall be made in one lump sum payment upon receipt of which credited service shall be given.

(4) The maximum credit under this section for service other than with the City of Umatilla shall be five (5) years of credited service and shall count for all purposes, except vesting and eligibility for not-in-line of duty disability benefits. There shall be no maximum purchase of credit for prior service with the City of Umatilla and such credit shall count for all purposes, including vesting.

(5) In no event, however, may credited service be purchased pursuant to this section for prior service with any other municipal, county or state law enforcement department, if such prior service forms or will form the basis of a retirement benefit or pension from a different employer's retirement system or plan.

(6) For purposes of determining credit for prior service as a police officer as provided for in this section, in addition to service as a police officer in this state, credit may be purchased by the member in the same manner as provided above for federal, other state, county or municipal service if the prior service is recognized by the criminal justice standards and training commission within the department of law enforcement, as provided under F.S. Ch. 943, or the police officer provides proof to the board that such service is equivalent to the service required to meet the definition of a "police officer" per F.S. §185.02(16).

F. AVERAGE FINAL COMPENSATION

Average final compensation means one-twelfth (1/12) of the average salary of the five (5) best years of the last ten (10) years of credited service prior to retirement, termination, or death, or the career average as a full-time police officer, whichever is greater. A year shall be twelve (12) consecutive months.

G. BENEFIT AMOUNTS AND ELIGIBILITY

G1) Normal Retirement Age and Date:

Normal retirement age and date. A member's normal retirement age is the earlier of the attainment of age fifty-five (55) and the completion of ten (10) years of credited service, or upon the attainment of age fifty-two (52) and the completion of twenty-five (25) years of credited service years of credited service. Each member shall become one hundred (100) percent vested in his accrued benefit at normal retirement age. A member's normal retirement date shall be the first day of the month coincident with or next following the date the member retires from the city after attaining normal retirement age.

G2) Normal Retirement Benefit:

Normal retirement benefit. A member retiring on or after his normal retirement date shall receive a monthly benefit which shall commence on the first day of the month coincident with or next following his retirement and be continued thereafter during member's lifetime, ceasing upon death, but with one hundred twenty (120) monthly payments guaranteed in any event.

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

The monthly retirement benefit shall equal two and one-half (2.5) percent of average final compensation, for each year of credited service earned on or before September 30, 2019, and three (3) percent of average final compensation, for each year of credited service earned on or after October 1, 2019.

(A) Optional Forms of Benefits:

(1) In lieu of the amount and form of retirement income payable in the event of normal or early retirement as specified herein, a member, upon written request to the Board, may elect to receive a retirement income or benefit of equivalent actuarial value payable in accordance with one of the following options:

(2) A retirement income of a monthly amount payable to the retiree for his lifetime only.

(3) A retirement income of a modified monthly amount, payable to the retiree during the lifetime of the retiree and following the death of the retiree, one hundred (100) percent, seventy-five (75) percent, sixty-six and two-thirds (66 $\frac{2}{3}$) percent or fifty (50) percent of such monthly amount payable to a joint pensioner for his lifetime. Except where the retiree's joint pensioner is his spouse, the payments to the joint pensioner as a percentage of the payments to the retiree shall not exceed the applicable percentage provided for in the applicable table in the Treasury Regulations. (See Q&A-2 of 1.401(a)(9)-6).

(4) If a member retires prior to the time at which social security benefits are payable, he may elect to receive an increased retirement benefit until such time as social security benefits shall be assumed to commence and a reduced benefit thereafter in order to provide, to as great an extent as possible, a more level retirement allowance during the entire period of retirement. The amounts payable shall be as recommended by the actuaries for the system, based upon the social security law in effect at the time of the member's retirement.

(5) For members who do not participate in the DROP pursuant to Section M, the member may elect a percentage of benefit in a lump sum as follows:

(a). Ten (10) percent of the total actuarial equivalent value of the benefit paid as a lump sum with the remaining ninety (90) percent paid under the normal form or as per [subsections] (1), (2), or (3), above.

(b). Fifteen (15) percent of the total actuarial equivalent value of the benefit paid as a lump sum with the remaining eighty-five (85) percent paid under the normal form or as per [subsections] (1), (2), or (3), above.

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

(c). Twenty (20) percent of the total actuarial equivalent value of the benefit paid as a lump sum with the remaining eighty (80) percent paid under the normal form or as per [subsections] (1), (2), or (3), above.

(d). Twenty-five (25) percent of the total actuarial equivalent value of the benefit paid as a lump sum with the remaining seventy-five (75) percent paid under the normal form or as per [subsections] (1), (2), or (3), above.

(6) The member, upon electing any option of this section, will designate the joint pensioner (subsection (A)(3) above) or beneficiary (or beneficiaries) to receive the benefit, if any, payable under the system in the event of member's death, and will have the power to change such designation from time to time. Such designation will name a joint pensioner or one or more primary beneficiaries where applicable. A member may change his beneficiary at any time. If a member has elected an option with a joint pensioner and member's retirement income benefits have commenced, member may thereafter change his designated beneficiary at any time, but may only change his joint pensioner twice. Subject to the restriction in the previous sentence, a member may substitute a new joint pensioner for a deceased joint pensioner. In the absence of proof of good health of the joint pensioner being replaced, the actuary will assume that the joint pensioner has deceased for purposes of calculating the new payment.

(7) The consent of a member's or retiree's joint pensioner or beneficiary to any such change shall not be required. The rights of all previously designated beneficiaries to receive benefits under the system shall thereupon cease.

(8) Upon change of a retiree's joint pensioner in accordance with this section, the amount of the retirement income payable to the retiree shall be actuarially redetermined to take into account the age of the former joint pensioner, the new joint pensioner and the retiree and to ensure that the benefit paid is the actuarial equivalent of the present value of the retiree's then-current benefit at the time of the change. Any such retiree shall pay the actuarial recalculation expenses. Each request for a change will be made in writing on a form prepared by the Board and on completion will be filed with the Board. In the event that no designated beneficiary survives the retiree, such benefits as are payable in the event of the death of the retiree subsequent to his retirement shall be paid.

(9) Retirement income payments shall be made under the option elected in accordance with the provisions of this section and shall be subject to the following limitations:

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

(a) If a member dies prior to his normal retirement date or early retirement date, whichever first occurs, no retirement benefit will be payable under the option to any person, but the benefits, if any, will be determined in accordance with the provisions herein.

(b) If the designated beneficiary (or beneficiaries) or joint pensioner dies before the member's retirement under the system, the option elected will be canceled automatically and a retirement income of the normal form and amount will be payable to the member upon his retirement as if the election had not been made, unless a new election is made in accordance with the provisions of this section or a new beneficiary is designated by the member prior to his retirement.

(c) If both the retiree and the beneficiary (or beneficiaries) designated by member or retiree die before the full payment has been effected under any option providing for payments for a period certain and life thereafter, made pursuant to the provisions of subsection (A), the Board may, in its discretion, direct that the commuted value of the remaining payments be paid in a lump sum.

(d) If a member continues beyond his normal retirement date and dies prior to his actual retirement and while an option made pursuant to the provisions of this section is in effect, monthly retirement income payments will be made, or a retirement benefit will be paid, under the option to a beneficiary (or beneficiaries) designated by the member in the amount or amounts computed as if the member had retired under the option on the date on which his death occurred.

(e) The member's benefit under this section must begin to be distributed to the member no later than attainment of "Applicable Age."

i. Applicable Age. For purposes as used throughout herein, the term "Applicable Age" shall be the age specified in Section 401(a)(9)(C) of the Code, as amended from time to time, including any amendments enacted under the SECURE Act and the SECURE 2.0 Act, or any successor legislation.

(10) A retiree may not change his retirement option after the date of cashing, or the depositing of his first retirement check.

(11) Notwithstanding anything herein to the contrary, the Board, in its discretion, may elect to make a lump sum payment to a member or a member's beneficiary in the event that the total commuted value of the monthly income payments to be paid do not exceed one-thousand dollars (\$1,000.00). Any such payment made to any person pursuant to the power and discretion conferred upon the Board by the preceding sentence shall

operate as a complete discharge of all obligations under the system with regard to such member and shall not be subject to review by anyone, but shall be final, binding and conclusive on all persons.

G3) Early Retirement Date:

Early retirement date. A member may retire on his early retirement date which shall be the first day of any month coincident with or next following the attainment of age fifty (50) and the completion of ten (10) years of credited service. Early retirement under the Plan is retirement from employment with the City on or after the early retirement date and prior to the normal retirement date.

G4) Early Retirement Benefit:

Early retirement benefit. A member retiring hereunder on his early retirement date may receive either a deferred or an immediate monthly retirement benefit payable in the same form as for normal retirement as follows:

(1) A deferred monthly retirement benefit which shall commence on what would have been his normal retirement date determined based upon his actual years of credited service as a police officer and shall be continued on the first day of each month thereafter. The amount of each such deferred monthly retirement benefit shall be determined in the same manner as for retirement, determined based upon his actual years of credited service, except that credited service and average final compensation shall be determined as of his early retirement date; or

(2) An immediate monthly retirement benefit which shall commence on his early retirement date and shall be continued on the first day of each month thereafter. The benefit payable shall be as determined in paragraph (1) above, reduced by three (3) percent for each year by which the commencement of benefits precedes the date which would have been the member's normal retirement date, determined based upon his actual years of credited service.

H. DISABILITY BENEFITS

H1) Disability Benefits In-Line of Duty:

Any member who shall become totally and permanently disabled to the extent that he is unable, by reason of a medically determinable physical or mental impairment, to render useful and efficient service as a police officer, which disability was directly caused by the performance of his duty as a police officer, shall, upon establishing the same to the satisfaction of the board, be entitled to a monthly pension equal to two and one-half (2.5) percent of average final compensation, for each year of credited service earned on or before September 30, 2019, and three (3) percent of his average final compensation, for each year of credited service earned on or

after October 1, 2019, but in any event the minimum amount paid to the member shall be forty-two (42) percent of the average final compensation of the member. Eligibility requirements for disability benefits are set forth below.

Eligibility for disability benefits. Subject to [subsection] (4) below, only active members of the Plan on the date the Board determines entitlement to a disability benefit are eligible for disability benefits.

(1) Terminated persons, either vested or non-vested, are not eligible for disability benefits.

(2) If a member voluntarily terminates his employment, either before or after filing an application for disability benefits, he is not eligible for disability benefits.

(3) If a member is terminated by the city for any reason other than for medical reasons, either before or after he files an application for disability benefits, he is not eligible for disability benefits.

(4) The only exception to [subsection] (1) above is:

- a. If the member is terminated by the city for medical reasons and he has already applied for disability benefits before the medical termination; or
- b. If the member is terminated by the city for medical reasons and he applies within thirty (30) days after the medical termination date.

If either [subsection] (4)a. or (4)b. above applies, the member's disability application will be processed and fully considered by the Board.

H2) Disability Benefits Not-in-Line of Duty:

Any member with ten (10) years or more credited service who shall become totally and permanently disabled to the extent that he is unable, by reason of a medically determinable physical or mental impairment, to render useful and efficient service as a police officer, which disability is not directly caused by the performance of his duties as a police officer shall, upon establishing the same to the satisfaction of the board, be entitled to a monthly pension equal to two and one-half (2.5) percent of his average final compensation for each year of credited service earned on or before September 30, 2019, and three (3) percent of his average final compensation for each year of credited service earned on or after October 1, 2019. Eligibility requirements for disability benefits are set forth above in "Eligibility for disability benefits."

I. DEATH BENEFITS BEFORE RETIREMENT (PRE-RETIREMENT DEATH BENEFITS)

11) **Death Prior to Vesting or Eligibility for Retirement – In-Line-Of-Duty:**

Prior to vesting or eligibility for retirement. The beneficiary of a deceased member who was not receiving monthly benefits or who was not yet vested or eligible for early or normal retirement shall receive a refund of one hundred (100) percent of the member's accumulated contributions.

12) **Deceased Members Vested or Eligible for Retirement with Spouse as Beneficiary.** *(This subsection applies only when the member's spouse is the sole designated beneficiary. The spouse beneficiary of any member who dies and who, at the date of his death was vested or eligible for early or normal retirement, shall be entitled to a benefit as follows):*

- a) If the member was vested, but not eligible for normal or early retirement, the spouse beneficiary shall receive a benefit payable for ten (10) years, beginning on the date that the deceased member would have been eligible for early or normal retirement, at the option of the spouse beneficiary. The benefit shall be calculated as for normal retirement based on the deceased member's credited service and average final compensation as of the date of his death and reduced as for early retirement, if applicable. The spouse beneficiary may also elect to receive an immediate benefit, payable for ten (10) years, which is actuarially reduced to reflect the commencement of benefits prior to the early retirement date.
- b) If the deceased member was eligible for normal or early retirement, the spouse beneficiary shall receive a benefit payable for ten (10) years, beginning on the first day of the month following the member's death or at the deceased member's otherwise early or normal retirement date, at the option of the spouse beneficiary. The benefit shall be calculated as for normal retirement based on the deceased member's credited service and average final compensation as of the date of his death and reduced as for early retirement, if applicable.
- c) A spouse beneficiary may not elect an optional form of benefit, however, the Board may elect to make a lump sum payment to a member or a member's beneficiary in the event that the total commuted value of the monthly income payments to be paid do not exceed one thousand dollars (\$1,000.00). Any such payment made to any person pursuant to the power and discretion conferred upon the Board by the preceding sentence shall operate as a complete discharge of all obligations under the system with regard to such member and shall not be subject to review by anyone, but shall be final, binding and conclusive on all persons.
- d) A spouse beneficiary may, in lieu of any benefit provided for in [subsection] (a) or (b) above, elect to receive a refund of the deceased member's accumulated contributions.
- e) Notwithstanding anything contained in this section to the contrary, in any

event, distributions to the spouse beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the member died, or by a date selected pursuant to the above provisions in this section that must be on or before December 31 of the calendar year in which the member would have attained ~~seventy-two (72)~~-Applicable Age.

- f) If the surviving spouse beneficiary commences receiving a benefit under subsection (a) or (b) above, but dies before all payments are made, the actuarial value of the remaining benefit will be paid to the spouse beneficiary's estate in a lump sum.

I3) Deceased Members Vested or Eligible for Retirement with Non-Spouse Beneficiary. *(This subsection applies only when the member's spouse is not the beneficiary or is not the sole designated beneficiary, but there is a surviving beneficiary).*

The beneficiary of any member who dies and who, at the date of his death was vested or eligible for early or normal retirement, shall be entitled to a benefit as follows:

- a) If the member was vested, but not eligible for normal or early retirement, the beneficiary will receive a benefit payable for ten (10) years. The benefit will begin by December 31 of the calendar year immediately following the calendar year in which the member died. The benefit will be calculated as for normal retirement based on the deceased member's credited service and average final compensation and actuarially reduced to reflect the commencement of benefits prior to the normal retirement date.
- b) If the deceased member was eligible for normal or early retirement, the beneficiary will receive a benefit payable for ten (10) years, beginning on the first day of the month following the member's death. The benefit will be calculated as for normal retirement based on the deceased member's credited service and average final compensation as of the date of his death and reduced for early retirement, if applicable.
- c) A beneficiary may not elect an optional form of benefit, however the Board may elect to make a lump sum payment to a member or a member's beneficiary in the event that the total commuted value of the monthly income payments to be paid do not exceed one thousand dollars (\$1,000.00). Any such payment made to any person pursuant to the power and discretion conferred upon the Board by the preceding sentence shall operate as a complete discharge of all obligations under the system with regard to such member and shall not be subject to review by anyone, but shall be final, binding and conclusive on all persons.

- d) A beneficiary may, in lieu of any benefit provided for in [subsection] (a) or (b) above, elect to receive a refund of the deceased member's accumulated contributions.
- e) If a surviving beneficiary commences receiving a benefit under subsection (a) or (b) above, but dies before all payments are made, the actuarial value of the remaining benefit will be paid to the surviving beneficiary's estate by December 31 of the calendar year of the beneficiary's death in a lump sum.
- f) If there is no surviving beneficiary as of the member's death, and the estate is to receive the benefits, the actuarial equivalent of the member's entire interest must be distributed by December 31 of the calendar year containing the fifth anniversary of the member's death.
- g) The Uniform Lifetime Table in Treasury Regulations § 1.401(a)(9)-9 shall determine the payment period for the calendar year benefits commence, if necessary to satisfy the regulations.

J. TERMINATION OF EMPLOYMENT AND VESTING

If a member terminates his employment as a police officer, either voluntarily or by discharge, and is not eligible for any other benefits under this system, the member shall be entitled to the following:

J1) If the member has less than ten (10) years credited service upon termination, the member shall be entitled to a refund of his accumulated contributions or the member may leave it deposited with the fund.

J2) If the member has ten (10) or more years of credited service upon termination, the member shall be entitled to a monthly retirement benefit, determined in the same manner as for normal or early retirement and based upon the member's credited service, average final compensation and the benefit accrual rate as of the date of termination, payable to him commencing at the member's otherwise normal or early retirement date, provided he does not elect to withdraw his accumulated contributions and provided the member survives to his otherwise normal or early retirement date. If the member does not withdraw his accumulated contributions and does not survive to his otherwise normal or early retirement date, his designated beneficiary shall be entitled to a benefit as provided herein for a deceased member, vested or eligible for retirement under pre-retirement death.

K. EMPLOYEE CONTRIBUTIONS:

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

Amount. Each member of the Plan shall be required to make regular contributions to the fund in the amount of three (3) percent of his salary. Member contributions withheld by the City on behalf of the member shall be deposited with the Board immediately after each pay period. The contributions made by each member to the fund shall be designated as employer contributions pursuant to § 414(h) of the code. Such designation is contingent upon the contributions being excluded from the members' gross income for Federal Income Tax purposes. For all other purposes of the Plan, such contributions shall be considered to be member contributions. Such contributions shall be made by payroll deduction.

State contributions. Any monies received or receivable by reason of laws of the State of Florida, for the express purpose of funding and paying for retirement benefits for police officers of the City shall be deposited in the fund comprising part of this Plan immediately and under no circumstances more than five (5) days after receipt by the City of Umatilla.

City contributions. So long as this Plan is in effect, the City shall make quarterly contributions to the fund in an amount equal to the required City contribution as shown by the applicable actuarial valuation of the Plan.

Other. Private donations, gifts and contributions may be deposited to the Plan, but such deposits must be accounted for separately and kept on a segregated bookkeeping basis. Funds arising from these sources may be used only for additional benefits for members, as determined by the Board, and may not be used to reduce what would have otherwise been required City contributions.

L. COST OF LIVING ADJUSTMENT (Optional Benefit)

Not applicable unless otherwise stated.

M. DEFERRED RETIREMENT OPTION PROGRAM - "DROP" (Optional Benefit)

(a) Definitions. As used in this DROP section, the following definitions apply:

(1) DROP. The City of Umatilla Police Officers' Retirement Trust Fund Deferred Retirement Option Plan.

(2) DROP account. The account established for each DROP participant under subsection (c).

(3) Total return of the assets. For purposes of calculating earnings on a member's DROP account pursuant to subsection (c)(2)b., for each fiscal year quarter, the percentage increase (or decrease) in the interest and dividends earned on investments, including realized and unrealized gains (or losses), of the total plan assets.

(b) Participation.

(1) *Eligibility to participate.* In lieu of terminating his employment as a police officer, any member who is eligible for normal retirement under the system may elect to defer receipt of such service retirement pension and to participate in the DROP.

(2) *Election to participate.* A member's election to participate in the DROP must be made in writing in a time and manner determined by the board and shall be effective on the first day of the first calendar month which is at least fifteen (15) business days after it is received by the board.

(3) *Period of participation.* A member who elects to participate in the DROP under subsection (b)(2), shall participate in the DROP for a period not to exceed sixty (60) months beginning at the time his election to participate in the DROP first becomes effective. An election to participate in the DROP shall constitute an irrevocable election to resign from the service of the city not later than the date provided for in the previous sentence. A member may participate only once.

(4) *Termination of participation.*

a. A member's participation in the DROP shall cease at the earlier of:

1. The end of his permissible period of participation in the DROP as determined under subsection (b)(3); or

2. Termination of his employment as a police officer.

b. Upon the member's termination of participation in the DROP, pursuant to subsection 1 above, all amounts provided for in subsection (c)(2), including monthly benefits and investment earnings or losses, shall cease to be transferred from the system to his DROP account. Any amounts remaining in his DROP account shall be paid to him in accordance with the provisions of subsection (d) when he terminates his employment as a police officer.

c. A member who terminates his participation in the DROP under this subsection (b)(4) shall not be permitted to again become a participant in the DROP.

(5) *Effect of DROP participation on the system.*

a. A member's credited service and his accrued benefit under the system shall be determined on the date his election to participate in the DROP first becomes effective. For purposes of determining the accrued benefit, the member's salary for the purposes of calculating his average final compensation shall include an amount equal to any lump sum payments which would have been paid to the member and included as salary as defined herein, had the member retired under normal retirement and not elected DROP participation. Member contributions attributable to any lump sums used in the benefit calculation and not actually received by the member shall be deducted from the first payments to the member's DROP account. The member shall not accrue any additional credited service or any additional benefits under the system (except for any supplemental benefit payable to DROP participants or any additional benefits provided under any cost-of-living adjustment for retirees in the system) while he is a participant in the DROP. After a member commences participation, he shall not be permitted to again contribute to the system nor shall he be eligible for disability or pre-retirement death benefits, except as provided for in the Section Reemployment After Retirement.

b. No amounts shall be paid to a member from the system while the member is a participant in the DROP. Unless otherwise specified in the system, if a member's participation in the DROP is terminated other than by terminating his employment as a police officer, no amounts shall be paid to him from the system until he terminates his employment as a police officer. Unless otherwise specified in the system, amounts transferred from the system to the member's DROP account shall be paid directly to the member only on the termination of his employment as a police officer.

(c) *Funding.*

(1) *Establishment of DROP account.* A DROP account shall be established for each member participating in the DROP. A member's DROP account shall consist of amounts transferred to the DROP under subsection (c)(2), and earnings or losses on those amounts.

(2) *Transfers from retirement system.*

a. As of the first day of each month of a member's period of participation in the DROP, the monthly retirement benefit he would have received under the system had he terminated his employment as a police officer and elected to receive monthly benefit payments thereunder shall be transferred to his DROP account, except as otherwise provided for in subsection (b)(4)b. A member's period of participation in the DROP shall be determined in accordance with the provisions of subsections (b)(3) and (b)(4), but in no event shall it continue past the date he terminates his employment as a police officer.

b. Except as otherwise provided in subsection (b)(4)b., a member's DROP account under this subsection (c)(2) shall be debited or credited with earnings, to be credited or debited to the member's DROP account, determined as of the last business day of each fiscal year quarter and debited or credited as of such date, determined as follows:

The average daily balance in a member's DROP account shall be credited or debited at a rate equal to the net investment return realized by the system for that quarter. "Net investment return" for the purpose of this paragraph is the total return of the assets in which the member's DROP account is invested by the board net of brokerage commissions, transaction costs and management fees.

For purposes of calculating earnings on a member's DROP account pursuant to this subsection (c)(2)b., brokerage commissions, transaction costs, and management fees shall be determined for each quarter by the investment consultant pursuant to contracts with fund managers as reported in the custodial statement. The investment consultant shall report these quarterly contractual fees to the board. The investment consultant shall also report the net investment return for each manager and the net investment return for the total plan assets.

c. A member's DROP account shall only be credited or debited with earnings or losses and monthly benefits while the member is a participant in the DROP. A member's final DROP account value for distribution to the member upon termination of participation in the DROP shall be the value of the account at the end of the quarter immediately preceding termination of participation date plus any monthly periodic additions made to the DROP account subsequent to the end of the previous quarter and prior to distribution. If a member fails to terminate employment after participating in the DROP for the permissible period of DROP participation, then beginning with the member's first month of employment following the last month of the permissible period of DROP participation, the member's DROP account will no longer be credited or debited with earnings or losses, nor will monthly benefits be transferred to the DROP account. All such non-transferred amounts shall be forfeited and continue to be forfeited while the member is employed by the police department, and no cost-of-living adjustments shall be applied to the member's credit during such period of continued employment. A member employed by the police department after the permissible period of DROP participation will still not be eligible for pre-retirement death or disability benefits and will not accrue additional credited service except as provided for in Section Reemployment After Retirement.

(d) *Distribution of DROP accounts on termination of employment.*

(1) *Eligibility for benefits.* A member shall receive the balance in his DROP account in accordance with the provisions of this subsection (d) upon his termination of employment as a police officer. Except as provided in subsection (d)(5), no amounts shall be paid to a member from the DROP prior to his termination of employment as a police officer.

(2) *Form of distribution.*

a. Unless the member elects otherwise, distribution of his DROP account shall be made in a lump sum, subject to the direct rollover provisions set forth in subsection (d)(6). Elections under this paragraph shall be in writing and shall be made in such time or manner as the board shall determine.

b. Notwithstanding the preceding, if a member dies before his benefit is paid, his DROP account shall be paid to his beneficiary in such optional form as his beneficiary may select. If no beneficiary designation is made, the DROP account shall be distributed to the member's estate.

(3) *Date of payment of distribution.* Except as otherwise provided in this subsection (d), distribution of a member's DROP account shall be made as soon as administratively practicable following the member's termination of employment. Distribution of the amount in a member's DROP account will not be made unless the member completes a written request for distribution and a written election, on forms designated by the board, to either receive a cash lump sum or a rollover of the lump sum amount.

(4) *Proof of death and right of beneficiary or other person.* The board may require and rely upon such proof of death and such evidence of the right of any beneficiary or other person to receive the value of a deceased member's DROP account as the board may deem proper and its determination of the right of that beneficiary or other person to receive payment shall be conclusive.

(5) *Distribution limitation.* Notwithstanding any other provision of subsection (d), all distributions from the DROP shall conform to the "minimum distribution of benefits" provisions as provided for herein.

(6) *Direct rollover of certain distributions.* This subsection applies to distributions made on or after January 1, 2002. Notwithstanding any provision of the DROP to the contrary, a distributee may elect to have any portion of an eligible rollover distribution paid in a direct rollover as otherwise provided under the Plan's rollover distribution guidelines.

(e) *Administration of DROP.*

(1) *Board administers the DROP.* The general administration of the DROP, the responsibility for carrying out the provisions of the DROP and the responsibility of overseeing the investment of the DROP's assets shall be placed in the board. The members of the board may appoint from their number such subcommittees with such powers as they shall determine; may adopt such administrative procedures and regulations as they deem desirable for the conduct of their affairs; may authorize one or more of their number or any agent to execute or deliver any instrument or make any payment on their behalf; may retain counsel, employ agents and provide for such clerical, accounting, actuarial and consulting services as they may require in carrying out the provisions of the DROP; and may allocate among themselves or delegate to other persons all or such portion of their duties under the DROP, other than those granted to them as trustee under any trust agreement adopted for use in implementing the DROP, as they, in their sole discretion, shall decide. A trustee shall not vote on any question relating exclusively to himself.

(2) *Individual accounts, records and reports.* The Board shall maintain records showing the operation and condition of the DROP, including records showing the individual balances in each member's DROP account, and the board shall keep in convenient form such data as may be necessary for the valuation of the assets and liabilities of the DROP. The board shall prepare and distribute to members participating in the DROP and other individuals or file with the appropriate governmental agencies, as the case may be, all necessary descriptions, reports, information returns, and data required to be distributed or filed for the DROP pursuant to the code and any other applicable laws.

(3) *Establishment of rules.* Subject to the limitations of the DROP, the Board from time to time shall establish rules for the administration of the DROP and the transaction of its business. The board shall have discretionary authority to construe and interpret the DROP (including but not limited to determination of an individual's eligibility for DROP participation, the right and amount of any benefit payable under the DROP and the date on which any individual ceases to be a participant in the DROP). The determination of the board as to the interpretation of the DROP or its determination of any disputed questions shall be conclusive and final to the extent permitted by applicable law.

(4) *Limitation of liability.*

a. The trustees shall not incur any liability individually or on behalf of any other individuals for any act or failure to act, made in good faith in relation to the DROP or the funds of the DROP.

b. Neither the board nor any trustee of the board shall be responsible for any reports furnished by any expert retained or employed by the board, but they shall be entitled to rely thereon as well as on certificates furnished by an accountant or an actuary, and on all opinions of counsel. The board

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

shall be fully protected with respect to any action taken or suffered by it in good faith in reliance upon such expert, accountant, actuary or counsel, and all actions taken or suffered in such reliance shall be conclusive upon any person with any interest in the DROP.

(f) *General provisions.*

(1) *The DROP is not a separate retirement plan.* Instead, it is a program under which a member who is eligible for normal retirement under the system may elect to accrue future retirement benefits in the manner provided in this DROP Section, for the remainder of his employment, rather than in the normal manner provided under the plan. Upon termination of employment, a member is entitled to a lump sum distribution of his or her DROP account balance or may elect a rollover. The DROP account distribution is in addition to the member's monthly benefit.

(2) *Notional account.* The DROP account established for such a member is a notional account, used only for the purpose of calculation of the DROP distribution amount. It is not a separate account in the system. There is no change in the system's assets, and there is no distribution available to the member until the member's termination from the DROP. The member has no control over the investment of the DROP account.

(3) *No employer discretion.* The DROP benefit is determined pursuant to a specific formula which does not involve employer discretion.

(4) *IRC limit.* The DROP account distribution, along with other benefits payable from the system, is subject to limitation under Internal Revenue Code section 415(b).

(5) *Amendment of DROP.* The DROP may be amended by an ordinance of the city at any time and from time to time, and retroactively if deemed necessary or appropriate, to amend in whole or in part any or all of the provisions of the DROP. However, except as otherwise provided by law, no amendment shall make it possible for any part of the DROP's funds to be used for, or diverted to, purposes other than for the exclusive benefit of persons entitled to benefits under the DROP. No amendment shall be made which has the effect of decreasing the balance of the DROP account of any member.

(6) *Facility of payment.* If a member or other person entitled to a benefit under the DROP is unable to care for his affairs because of illness or accident or is a minor, the board shall direct that any benefit due him shall be made only to a duly appointed legal representative. Any payment so made shall be a complete discharge of the liabilities of the DROP for that benefit.

(7) *Information.* Each member, beneficiary or other person entitled to a benefit, before any benefit shall be payable to him or on his account under the DROP, shall file with the board the information that it shall require to establish his rights and benefits under the DROP.

(8) *Prevention of escheat.* If the Board cannot ascertain the whereabouts of any person to whom a payment is due under the DROP, the board may, no earlier than three (3) years from the date such payment is due, mail a notice of such due and owing payment to the last known address of such person, as shown on the records of the board or the city. If such person has not made written claim therefor within three (3) months of the date of the mailing, the board may, if it so elects and upon receiving advice from counsel to the system, direct that such payment and all remaining payments otherwise due such person be canceled on the records of the system. Upon such cancellation, the system shall have no further liability therefor except that, in the event such person or his beneficiary later notifies the board of his whereabouts and requests the payment or payments due to him under the DROP, the amount so applied shall be paid to him in accordance with the provisions of the DROP.

(9) *Written elections, notification.*

a. Any elections, notifications or designations made by a member pursuant to the provisions of the DROP shall be made in writing and filed with the board in a time and manner determined by the board under rules uniformly applicable to all employees similarly situated. The board reserves the right to change from time to time the manner for making notifications, elections or designations by members under the DROP if it determines after due deliberation that such action is justified in that it improves the administration of the DROP. In the event of a conflict between the provisions for making an election, notification or designation set forth in the DROP and such new administrative procedures, those new administrative procedures shall prevail.

b. Each member or retiree who has a DROP account shall be responsible for furnishing the board with his current address and any subsequent changes in his address. Any notice required to be given to a member or retiree hereunder shall be deemed given if directed to him at the last such address given to the board and mailed by registered or certified United States mail. If any check mailed by registered or certified United States mail to such address is returned, mailing of checks will be suspended until such time as the member or retiree notifies the board of his address.

(10) *Benefits not guaranteed.* All benefits payable to a member from the DROP shall be paid only from the assets of the member's DROP account and neither the city nor the board shall have any duty or liability to furnish the DROP with any

funds, securities or other assets except to the extent required by any applicable law.

(11) *Construction.*

a. The DROP shall be construed, regulated and administered under the laws of Florida, except where other applicable law controls.

b. The titles and headings of the subsections in this DROP Section are for convenience only. In the case of ambiguity or inconsistency, the text rather than the titles or headings shall control.

(12) *Forfeiture of retirement benefits.* Nothing in this section shall be construed to remove DROP participants from the application of any forfeiture provisions applicable to the system. DROP participants shall be subject to forfeiture of all retirement benefits, including DROP benefits.

(13) *Effect of DROP participation on employment.* Participation in the DROP is not a guarantee of employment and DROP participants shall be subject to the same employment standards and policies that are applicable to employees who are not DROP participants.

**N. SUPPLEMENTAL BENEFIT COMPONENT FOR SPECIAL BENEFITS;
CHAPTER 185 SHARE ACCOUNTS**

There is hereby established an additional plan component to provide special benefits in the form of a supplemental retirement, termination, death and disability benefits to be in addition to the benefits provided for in the previous sections of this Plan, such benefit to be funded solely and entirely by F.S. Ch. 185, premium tax monies for each Plan year, which are allocated to this supplemental component as provided for in F.S. § 185.35. Amounts allocated to this supplemental component ("Share Plan"), if any, shall be further allocated to the members and drop participants as follows:

(a) *Individual member share accounts.* The board shall create individual "member share accounts" for all actively employed plan members and DROP participants and maintain appropriate books and records showing the respective interest of each member or DROP participant hereunder. Each member or DROP participant shall have a member share account for his share of the F.S. ch. 185 tax revenues described above, forfeitures and income and expense adjustments relating thereto. The board shall maintain separate member share accounts, however, the maintenance of separate accounts is for accounting purposes only and a segregation of the assets of the trust fund to each account shall not be required or permitted.

(b) *Share account funding.*

(1) Individual member share accounts shall be established as of September 30, 2016 for all members and DROP participants who were actively employed as of October 1, 2015. Individual member share accounts shall be credited with an allocation as provided for in the following subsection (c) of any premium tax monies which have been allocated to the share plan for that plan year, beginning with the plan year ending September 30, 2016.

(2) Any forfeitures as provided in subsection (d), shall be used as part of future allocations to the individual member share accounts in accordance with the formula set forth in subsection (c)(1).

(c) *Allocation of monies to share accounts.*

(1) *Allocation of [F.S.] Ch. 185 contributions.*

a. Effective as of September 30, 2016, the amount of any premium tax monies allocated to the share plan shall be allocated to individual member share accounts as provided for in this subsection. Members retiring on or after October 1, 2015 and prior to September 30, 2016 shall receive an allocation. In addition, all premium tax monies allocated to the share plan in any subsequent plan year shall also be allocated as provided for in this subsection. Available premium tax monies shall be allocated to individual member share accounts at the end of each plan year on September 30 (a "valuation date").

b. On each valuation date, each current actively employed member of the plan not participating in the DROP, each DROP participant and each retiree who retires or DROP participant who has terminated DROP participation in the plan year ending on the valuation date (including each disability retiree), or beneficiary of a deceased member (not including terminated vested persons) who is otherwise eligible for an allocation as of the valuation date shall receive a share allocation as follows:

c. The total funds subject to allocation on each valuation date shall be allocated to each member share account of those eligible for an allocation in an amount equal to a fraction of the total amount, the numerator of which shall be the individual's total years and fractional parts of years of credited service as of the valuation date, and the denominator of which shall be the sum of the total years and fractional parts of years of credited service as of the valuation date of all individuals to whom allocations are being made.

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

Beneficiaries shall receive an allocation based on the years of credited service of the deceased member or DROP participant.

d. Re-employed retirees shall be deemed new employees and shall receive an allocation based solely on the credited service in the reemployment period.

(2) *Allocation of investment gains and losses.* On each valuation date, each individual member share account shall be adjusted to reflect the net earnings or losses resulting from investments during the year. The net earnings or losses allocated to the individual member share accounts shall be the same percentage which is earned or lost by the total plan investments, including realized and unrealized gains or losses, net of brokerage commissions, transaction costs and management fees.

Net earnings or losses are determined as of the last business day of the fiscal year, which is the valuation date, and are debited or credited as of such date.

For purposes of calculating net earnings or losses on a member's share account pursuant to this subsection, brokerage commissions, transaction costs, and management fees for the immediately preceding fiscal year shall be determined for each year by the investment consultant pursuant to contracts with fund managers as reported in the custodial statement. The investment consultant shall report these annual contractual fees to the board. The investment consultant shall also report the net investment return for each manager and the net investment return for the total plan assets.

(3) *Allocation of costs, fees and expenses.* On each valuation date, each individual member share account shall be adjusted to allocate its pro rata share of the costs, fees and expenses of administration of the share plan. These fees shall be allocated to each individual member share account on a proportionate basis taking the costs, fees and expenses of administration of the share plan as a whole multiplied by a fraction, the numerator of which is the total assets in each individual member share account (after adding the annual investment gain or loss) and the denominator of which is the total assets of the fund as a whole as of the same date.

(4) *No right to allocation.* The fact of allocation or credit of an allocation to a member's share account by the board shall not vest in any member, any right, title, or interest in the assets of the trust or in the [F.S.] Ch. 185 tax revenues except at the time or times, to the extent, and subject to the terms and conditions provided in this section.

(5) *[Annual statements.]* Members and DROP participants shall be provided annual statements setting forth their share account balance as of the end of the Plan year.

(d) *Forfeitures.* Any member who has less than ten (10) years of service credit and who is not otherwise eligible for payment of benefits after termination of employment with the city as provided for in subsection (e) shall forfeit his individual member share account. Forfeited amounts shall be included and used as part of the [F.S.] Ch. 185 tax revenues for future allocations to individual member share accounts on each valuation date in accordance with the formula set forth in subsection (c)(1).

(e) *Eligibility for benefits.* Any member (or his beneficiary) who terminates employment as a police officer with the city or who dies, upon application filed with the board, shall be entitled to be paid the value of his individual member share account, subject to the following criteria:

(1) *Retirement benefit.*

a. A member shall be entitled to one hundred (100) percent of the value of his share account upon normal or early retirement pursuant to Section Benefit Amounts & Eligibility, or if the member enters the DROP, upon termination of employment.

b. Such payment shall be made as provided in subsection (f).

(2) *Termination benefit.*

a. In the event that a member's employment as a police officer is terminated by reason other than retirement, death or disability, he shall be entitled to receive the value of his share account only if he is vested in accordance with Section Termination of Employment and Vesting.

b. Such payment shall be made as provided in subsection (f).

(3) *Disability benefit.*

a. In the event that a member is determined to be eligible for either an in-line of duty disability benefit pursuant to Section Disability, subsection (a) or a not-in-line of duty disability benefit pursuant to Section Disability, subsection (c), he shall be entitled to one-hundred (100) percent of the value of his share account.

b. Such payment shall be made as provided in subsection (f).

(4) *Death benefit.*

a. In the event that a member or DROP participant dies while actively employed as a police officer, one hundred (100) percent of the value of his member share account shall be paid to his designated beneficiary as provided in Section Pre-Retirement Death.

Retirement Plan and Trust for Police Officers of the City of Umatilla
ADOPTION AGREEMENT

b. Such payment shall be made as provided in subsection (f).

(f) *Payment of benefits.* If a member or DROP participant terminates employment for any reason or dies and he or his beneficiary is otherwise entitled to receive the balance in the member's share account, the member's share account shall be valued by the plan's actuary on the next valuation date as provided for in subsection (c) above, following termination of employment. Payment of the calculated share account balance shall be payable as soon as administratively practicable following the valuation date, but not later than one hundred fifty (150) days following the valuation date and shall be paid in one lump sum payment. No optional forms of payments shall be permitted.

(g) *Benefits not guaranteed.* All benefits payable under this Section shall be paid only from the assets accounted for in individual member share accounts. Neither the city nor the board shall have any duty or liability to furnish any additional funds, securities or other assets to fund share account benefits. Neither the board nor any trustee shall be liable for the making, retention, or sale of any investment or reinvestment made as herein provided, nor for any loss or diminishment of the member share account balances, except due to his or its own negligence, willful misconduct or lack of good faith. All investments shall be made by the board subject to the restrictions otherwise applicable to fund investments.

(h) *Notional account.* The member share account is a notional account, used only for the purpose of calculation of the share distribution amount. It is not a separate account in the system. There is no change in the system's assets, and there is no distribution available to the member or DROP participant until the member's or DROP participant's termination from employment. The member or DROP participant has no control over the investment of the share account.

(i) *No employer discretion.* The share account benefit is determined pursuant to a specific formula which does not involve employer discretion.
